

FIVE NEGROES EXECUTED IN A GEORGIA JAILYARD.

Made a Short Talk, Drank Lemonade and Were Then Swung Into Eternity.

SYLVANIA, Ga., June 14.—Arnold Augustus, Andrew Davis, Richard Sanders, William Hudson and Samuel Baldwin, all negroes were executed in the yard of the county jail of Screven county this afternoon. The drop fell at 12:20. The necks of four were broken by the fall. The fifth died of strangulation. The negroes bore up well. They sang in the jail and afterwards marched between a squad of soldiers to the scaffold. Here they made a short talk and received spiritual consolation. They then drank lemonade furnished by the Sheriff and thanked him for his kindness to them. None of the negroes said he was innocent of the crime for which the men met death.

“Death to Whites.”

SYLVANIA, Ga., June 14.—These five negroes were convicted of a murder committed under an alleged criminal conspiracy by an organized band of blacks known as “Knights of the Archer.” The motto of the organization was, it is said, “Death to the Whites.” The murder for which the men died was but the culmination of a long series of crimes. It is common report that the charter of this oath-bound organization was signed in blood and the leader, Andrew McKinney, assembled his band only at night, when he swore them, with awesome rites, to

STRIKERS OPEN WAR ON A DRIVER AT BECKER'S.

There was an all-day session of the Journeymen Butchers' Union today at Becker's Hall on Washington street and the men heard speeches which increased both their enthusiasm and determination in reference to the war they are waging upon the wholesalers of the stockyards. They are now exerting every energy to establish thoroughly union shops by furnishing a supply of union meat. Heretofore they have considered as fair those shops that displayed the union cards and did not employ non-union help, but today a number of shops scoured union meat, or meat that has not been handled by the big wholesalers, and in such shops the union men were allowed by the union to go back to work. There are a number of union sympathizers who desire to handle union meat, but who have been compelled to purchase from the wholesalers, owing to their failure to obtain fair meat. The strikers now have a single purpose in view to secure a sufficient supply so that all who desire may obtain union goods. That was the purpose of today's meetings and the strikers say that, within a few days, they will be able to furnish an unlimited quantity of beef, mutton and pork to the union shops, so that there can be no excuse for handling other than fair meat.

Strikers' Meeting.

At the meeting of the strikers this morning an address was made by Chris Merchant, who conducts a shop at 25 Sixth street, San Francisco, and who was formerly a member of the Butchers' Board of Trade.

“The Butchers' Board of Trade,” said Merchant, “is practically dead. There has been a long fight between the Board and the Western Meat Company, or the Baden people, and the Western Company has won. With my own eyes this morning I saw the men of the Western Meat Company deliver meat to Brady of the New Bay State Market, one of the erstwhile pillars of the Butchers' Board of Trade. That was the death knell of the Board, for the Western Company will drop the Board and where will it be? I say the Board is a thing of the past and I am out of it. I am with the union and if you go down, I'll go down with you.”

Merchant also stated that he was getting cattle, sheep and hogs from interior counties without difficulty and that he would furnish as much meat as possible to other union shops.

Union Shops Opened.

The strikers have men in various parts of the State buying up cattle, sheep and hogs, and it is their desire to open a

KILLED BY THE TRAIN AT OAKLAND MOLE.

Jacob A. Johansen Loses His Life While Crossing the Track.

WAS EMPLOYED IN THE BLOCK SYSTEM.

Jacob A. Johansen, an employe in the block system of the Southern Pacific, was run over by the race-track train and instantly killed this afternoon at 1:30 o'clock at the Broad Gauge Mole. His head was severed from his body. He was working on the tracks and stepped out of the way of a train going toward the Mole and in the way of the train bound for the race track. He was seen by the engineer of the race train, but too late to prevent him from being run down. When the train was stopped, Johansen was lifeless. The remains were taken to the morgue. The train was in charge of Conductor F. Graves, and the engine, No. 1268 was driven by J. Salpaugh. Johansen was about 50 years of age, and the father of a large family. His home was at 1775 Fifth street.

PROTECTING THE NEGROES LIVES.

Governor Does Not Want Any Lynching in State of Louisiana.

ST. PETERSBURG, June 14.—A fire at the Gellers Island ship yard yesterday consumed the ships, the cruiser Wifas and other vessels, the government and other buildings there and a large stock of timber. The flames also leaped the Neva-Portika canal, destroying several military warehouses filled with supplies. According to the New York Times, twelve persons lost their lives in the flames. The damage done amounts to 10,000,000 roubles.

GREAT SHOWING IN KLONDIKE.

SEATTLE, Wash., June 14.—The Yukon is open from end to end, according to news brought down by the steamer Dolphin, which arrived this morning. The ship brought down 30,000 in gold dust. The presence of \$2,500,000 of gold dust in the banks at Dawson has caused a renewal of speculation as to what the total output of the Klondike is this year. Comparisons have been made with the receipts in previous years to the corresponding date and calculations made. It is held by many that one-half of the total output is now in the banks, and they figure that the grand total will be in the neighborhood of \$15,000,000. Many persons, however, are ready to place the amount at a greater figure, and these hold that between \$20,000,000 and \$25,000,000 would be nearer the correct estimate.

Court opened at Dawson on June 4. Counsel for George O'Brien, accused of the murder of Slavson, Olsen and Reife, asked for a continuance for two months. The court denied the request, but granted a stay of proceedings for one week. Will Slavson, brother of the murdered man and a prominent merchant of Skagway, and about eight other witnesses of the crown are now in Dawson. They are being maintained at the expense of the government. O'Brien has asked the government to send to Nome for three witnesses for his defense, and they will be sent for.

LARGE HOTEL AT WEST BADEN DESTROYED.

WEST BADEN, Ind., June 14.—The Mineral Springs Hotel was destroyed by fire today. The fire broke out at 1 A. M. in the bake-shop at the south end of the building. It burned rapidly, and by 2 o'clock the large frame building had been completely consumed. The loss is \$300,000, insurance, \$100,000. Two hundred and twenty-five guests registered at the hotel last night. All of them escaped unhurt.

ASSYRIAN GOES TO PIECES ON THE ROCKS.

ST. JOHN'S, N. T., June 14.—The Levantine steamer Assyrian, ashore on Cape Race, went to pieces during the night and this morning is a total wreck. The after part of the vessel is under water and the hull is broken asunder.

IMPRESSED WITH THE PRESIDENT OF FRANCE.

Speaker Henderson Tells of His Pleasant Talk With President Loubet.

SAYS HE IS A MAN OF CHARMING MANNERS.

PARIS, June 14.—D. B. Henderson, Speaker of the House of Representatives, who was received yesterday with Representative Gillette, by President Loubet, came away with the best impressions of his visit. Mr. Henderson said to the correspondent of the Associated Press: “The President received us most cordially. We fell as much at home as though calling on President McKinley. We found M. Loubet to be a man of charming manners and of simple democratic tastes. Our conversation, which lasted some time, convinced me that he is a high-minded patriot, devoting his efforts to the best interests of his country. His allusions to the United States showed him to be a sincere admirer of our country and its institutions, and he is inspired with cordial sympathy for President McKinley.”

“I had previously met M. Deschanel, President of the Chamber of Deputies, who was most courteous and enabled me to be present at a session of the Chamber under his auspices. There was nothing striking in the session, at which the bill providing for old age pensions was being discussed, but I had an opportunity of seeing the house in a deliberative mood, performing serious work. M. Deschanel tendered me a charming invitation to attend a session of the Chamber during my stay, and invited myself and wife and Messrs. Gillette and Child to his reception on Saturday.”

NATIVES ELECT THEIR OFFICERS.

Amanda Hammerly of Oakland is Elected Treasurer of the Grand Lodge.

SACRAMENTO, June 14.—The fourth day's session of the Grand Parlor of the N. D. G. W. opened in the Senate chamber at the State House at 9 o'clock this morning, Grand President Emma Gett in the chair.

The first order of business being the election of grand officers, the following were elected:

Grand President—Mrs. Genevieve Watson Baker, Buena Vista, 68, San Francisco.

Grand Vice-President—Eliza D. Keith, Alta No. 3, San Francisco.

Grand Secretary—Laura J. Frakes, Amapola No. 80, Sutter Creek.

Grand Treasurer—Amanda Hammerly, Piedmont No. 87, Oakland.

Grand Marshal—Harriet S. Lee, Woodland No. 90, Woodland.

Grand Inside Sentinel—Anna Henderson, Los Pimientos No. 115, Santa Paula.

Grand Outside Sentinel—Eva G. Busseman, La Esperanza No. 24, Los Angeles.

Grand Trustees—Maud Woods, La Barden No. 110, Sacramento (elected unanimously); Mrs. Ariana Stirling, Alali, Salinas City; Mrs. E. Gnekov, Joquim, Stockton; Mrs. Ella Cammett, Uruila, Jackson; Mrs. Emma Thirbach, La Estrella, San Francisco; Stella Pindley, Santa Cruz; Mrs. Della Shine, Dardanelle, Sonora.

DESERTERS WITH THE INSURGENTS KILL OFFICERS.

MANILA, June 14.—The recent battle with the insurgents at Lipa, in which Lieutenant Springer was killed and Captain Witham and Lieutenant Lee were mortally wounded, was begun by the Americans. The disproportionate number of officers hit is said to be due to the fact that there were several deserters from the American army with the rebels.

The island of Panay is being ravaged by cholera, and so great is the panic caused by the disease that the natives are hauling carts to Iloilo.

INSURGENTS ARE NOW ANXIOUS TO SURRENDER.

MANILA, June 14.—Calle, the insurgent leader in Laguna province, has become more humble and now intimates his willingness to surrender a hundred guns to General Aguinaldo tomorrow at Santa Cruz and to give up the remainder in three days.

Colonel Bolanos, with five officers and forty-two rifles, has surrendered at Lipa, Batangas province.

STERN'S LIABILITIES ARE FIGURED FIVE THOUSAND.

BERLIN, June 14.—The liabilities of Louis Stern, the former United States commercial agent at Bamberg, Bavaria, who committed suicide at that place June 10 by shooting himself, amount to about \$5000.

CHAS. McCLEVERTY PASSES AWAY AT HIS HOME.

Was Well-Known Livery Man and Prominent in Democratic Politics.

LIVED IN OAKLAND SINCE EARLY DAYS.

Charles McCleverty, ex-Sheriff of Alameda county and one of the few surviving pioneer livery men of Alameda county, died this morning at his home, 1237 Harrison street, of tuberculosis.

Dr. James F. Dunn attended Mr. McCleverty and prolonged his life many months by an operation.

Mr. McCleverty's illness has been a source of exceeding annoyance to himself for a number of months, though its aggravated form was superinduced by a severe cold contracted some time ago, when he prematurely returned to the conduct of his livery business after he had undergone the amputation of one of his lower limbs.

Mr. McCleverty was one of the best known men in this city and he is especially well known among the early residents of Oakland, who still survive. He was a native of Canada, where he was born in 1843.

He came to California when a youth about 17 years of age, and after seeking an opening in several places settled in Oakland, where he has since continuously resided. His fancy turned to the livery business, and about the year 1865 he opened what was then known as the Pacific Stables, which he ran for a number of years at the corner of Third and Broadway.

Later he moved further up Broadway according as the business district moved and opened a livery stable at

HIS CONDUCT WAS SCANDALOUS

Captain at Mare Island is Fined Heavily by a Court-Martial.

WASHINGTON, June 14.—The loss of ten numbers in his grade and reduction of his pay to furlough pay for two years and to be publicly reprimanded is the sentence imposed by court-martial upon Captain Robert E. Impey, at present stationed at the Mare Island Navy Yard.

The captain was charged with scandalous conduct in having represented to a dentist that his bill must be reduced because it required the approval of the Treasury officers, whereas this was purely a personal matter. Secretary Long has yet to act upon the proceedings of the court.

Ex-Mayor Returns From the East Speaks of the Industrial Conditions in the Eastern Cities and Draws Comparisons.

“I saw abundant evidences of abounding prosperity all over the country, but I found a strong sentiment in the West demanding some legislation to curb trusts,” said ex-Mayor M. C. Chapman this morning. Mr. Chapman returned yesterday from a lengthy tour of the Eastern States.

“Unless something is done to check the overwhelming power of centralized wealth in the industrial world a large proportion of the Republican Congressmen from the Western States will be defeated for re-election and the Republican party will be defeated in the next Presidential election. I heard stalwart Republicans and responsible business men talking this way all over the West, and my observation led me to believe that the sentiment is growing in strength and intensity. In the extreme Eastern cities, which are the centers of organized wealth, the sentiment is not so pronounced and I did not hear much talk on the subject. But in the great West there are breakers plainly ahead. It is an issue that the Republican party is called upon to meet, and it is one surrounded with great difficulties and involving vast consequences.”

The Trust Question.

“Among the Republicans who are demanding legislation on the trust question the belief is general that as soon as President McKinley gets the Porto Rican matter settled he and his advisers will turn their attention to a solution of the trust problem. It is a knotty question, and one that is of the gravest concern to the people, for it may assume such a phase as to endanger the constitution itself. It is not unusual to hear solid business men, old line Republicans, say the trusts must be controlled at all hazards.”

Demanding Legislation.

“This talk is all the more significant because business is good everywhere and industrial activity the rule at every place I visited. The amount of building going on in the Eastern cities is phenomenal. The sentiment I allude to is not the fruit of labor agitation nor the result of discontent on the question of wages. Both wages and business being good, the trust matter is being thought about because of a growing fear that a few organizations will shortly have absolute control of the sources of production and the avenues of distribution. It is not an ephemeral sentiment springing from unsatisfactory fiscal and industrial conditions, but a deep settled apprehension that the country is in danger of falling into the grip of great corporations. Whether this view is well or ill grounded, the sentiment it is producing is serious, even portentous. The issue will be forced upon the country whether wisely or unwisely, and I dread the struggle that will be precipitated.”

not the leaders in the great struggle come to an understanding and eased off the pinch. It might have precipitated a general panic, but as it was legitimate, business was not at all disturbed. Nevertheless the incident has helped to swell the anti-trust sentiment. People point to it as an example of the frightful power lodged in the hands of those vast combinations of capital.

THE SCHOOL TEACHERS CANNOT COLLECT MONEY.

The teachers in the High and Central schools are still going around with their salary warrants uncollected. The warrants of Professor McGovern and one or two others were cashed, but payment on all warrants after number 11 was refused by the Treasurer on the ground of want of funds. The banks have declined to discount the warrants as matters stand.

The mandamus suit, brought against the Auditor will be heard on Monday, but there is no certainty that a decision will be rendered that day. Besides, the Auditor has announced that he intends to carry the matter to the Supreme Court in case the Court issues the writ of mandamus. This further complicates matters, because whatever money in the special funds lapses into the general fund at the close of the fiscal year, and the Auditor contends that all unused money in the special funds lapses into the general fund at the end of the fiscal year by operation of law. The Councilmen are disposed to get the ruling of the Court before committing themselves to any further action that might tend to add to the existing complications. The Auditor has effectively tied the money up for the present, and there the matter must rest till the Courts have had a say.

TRAMP TAKES ARTISTS' HOME.

William Keith Makes a Singular Discovery at His Berkeley Home.

BERKELEY, June 14.—A tramp took temporary possession of the residence of Artist William Keith at 2207 Atherton street last evening. As Mr. Keith was leaving the house he heard a man snoring in his hallway.

Upon investigation, he found that an unbidden guest had taken temporary lodging upon a divan.

The man, who was under the influence of liquor, refused to be ousted until the artist started to telephone for Marshal Kerns. When the officer arrived the weary Willie had taken his departure.

"The tramp told Keith, before leaving, that he had a right to stay in his place as it was a public hospital."

the northeast corner of Seventh and Broadway.

Still later he established the Fashion Stables on Broadway between Seventh and Eighth streets. In this enterprise he had as partners both Denis and Oscar Holland. When these men retired Mr. McCleverty allied himself with Robert Noble, who died a number of years ago.

For a couple of years after the father's death a son, Edward Noble, was associated with McCleverty. About six years ago the partnership was dissolved, since which time Mr. McCleverty has conducted the Fashion Stables alone.

Mr. McCleverty was a staunch Democrat. He was elected Sheriff of the Democratic ticket in the fall of 1892 in a triangular fight. He served from the 1st of January, 1893, until the end of December, 1894. During his administration, Majors, the murderer, was executed, the hanging taking place in the yard between the present jail and court house.

Several years ago Mr. McCleverty, while driving a spirited team of horses, was thrown from a buggy and severely injured. He recovered, it was thought, from his injuries, but about a year ago he became incapacitated for business and this failure was traced back to the injury which he had sustained when thrown from his buggy.

As a result, it became necessary to amputate one of his lower limbs. This was a severe blow to a man already advanced in years. When he felt that he was able to get around he resumed the conduct of his business which, in the interim, had been managed by his son. His eagerness, however, was disastrous because it brought on the malady of which upon him could not be released.

Mr. McCleverty was married and has one son, Charles C. McCleverty, who is engaged in the hardware business and whose marriage to Miss Roberts of San Lorenzo is set for June 26th. Charles McCleverty was exceedingly popular in the ranks of the Democratic party, and was always a leader in this county. He was accounted an honorable and upright citizen.

The funeral will take place Sunday afternoon at 12:30 o'clock from the late residence of the deceased, 1257 Harrison street, under the auspices of Oakland Lodge No. 171, B. P. O. E. Interment will be private.

OAKLAND COMPANIES WILL GO INTO CAMP.

Tomorrow Companies A and F, N. C. C. of this city will leave for Santa Cruz, where they will take part in the Division Camp, which will continue for a week. This is the first time in a number of years that a camp of this kind has been held in this State. A similar camp may not be ordered here for ten years.

Attendance upon it is not obligatory upon members of the National Guard. As a consequence, a number of the boys will not attend the assemblage, because business will militate against their presence.

A company, with a membership of 55, will send in the vicinity of 40 men, and Company, with 45 men, will probably march with 35.

CHARGED WITH ASSAULT WITH DEADLY WEAPON.

John Frances King, a solicitor, appeared in the Police Court this morning, charged with an assault with a deadly weapon. The complainant is G. Serranatta, a cool man. It appears that King and others had been getting free drinks at Massimo's saloon at the corner of Fourteenth and Center streets, and when Massimo's patience and liberality had become exhausted they were ordered out of the place. A scintilla of trouble followed, and Serranatta, who was standing on the sidewalk, was struck by King with some blunt weapon.

King's case went over to June 15th to be set.

PITIFUL CASE OF SMALLPOX IS REPORTED

DREDGING FOR DE FREMERY WHARF.

Trying to Locate an Immense Saw Mill Near the Sessions' Basin.

The committee appointed at the special meeting of the Merchants' Exchange yesterday, for the purpose of taking part in the dredging which is to be extended to the River and Harbor Committee of the Lower House of Congress on the 15th inst., will hold a meeting next Monday night.

They have extended an invitation to attend the meeting to the committee on reception of the Board of Trade, as also of Alameda. The purpose is to agree upon a plan of action on the part of the three committees.

DREDGING AT DE FREMERY'S.

It is understood that the Merchants' Exchange committee will recommend the deepening of the harbor as far east as the eastern limit of the property near Sessions' basin recently purchased by J. L. De Fremery and others. The recommendation will be made because it is understood that with a harbor of such a depth vessels would be able to reach this side. Mr. De Fremery would build a wharf in front of his property, extending perhaps a couple of thousand feet. It is claimed that the material which would have to be dredged is only mud and that the cost of taking it up would not exceed \$50,000.

A BIG SAWMILL.

Mr. De Fremery is working to secure the location on the property in question of an immense sawmill, for the working up of redwood lumber, for which the projectors are now looking for a site. The purpose of the projectors is to bring rough timber to this point from places along the coast, work it up and then ship it to the East, where an attempt will be made to satisfy a growing demand for redwood.

NEIGHBORHOOD ROW IN THE POLICE COURT.

The neighborly troubles of the McCloy and Evans families, in the 200 block of Fifth street, were aired in the Police Court this morning. The Evans family, this morning, when C. A. Evans was tried and convicted of a charge of battery preferred by Mrs. McCloy, wife of the ex-judge of that name.

The families have been at outs for a long time, and Mrs. McCloy claims that on June 5th her twelve-year-old daughter, Evaline, while passing the Evans' home, was rudely choked by Mr. Evans. Evaline, who testified in court, this latter said Evans rushed through his gate and grabbed her by the throat.

Evans and wife on the other hand testified that the McCloy girl pulled out some of their plants and that he went out to protect his property. He admitted he had taken hold of the girl and reprimanded her.

Police Judge Smith held Evans guilty of technical battery and fixed the fine at \$5.

"But the court would suggest right here," remarked Judge Smith, "that while both the McCloy and Evans families will always find this a court of remedy, they may find it expensive to continue their differences and bring them here." Each side hinted there would be further complaints filed.

WIFE LEFT HIM AND TOOK \$450 OF HIS MONEY.

Judge Melvin this morning granted Dr. William T. Fanner a decree of divorce from Kate Fanner on the ground of desertion.

Dr. Fanner and his wife were married in Oklahoma in 1892. She was then a widow. In June, 1898, Mrs. Fanner left her husband and went East. She said she was going to join her two daughters, who are actresses. Dr. Fanner says that his wife also took with her \$450 of his money. She left word that her husband might follow her East and join her there or not as he saw fit. The doctor, however, decided not to give up his practice in San Francisco to follow his deserting spouse. He has not heard from his wife, since she left him. His office is at 241 Geary street. He resides in East Oakland. His attorneys in the divorce case were Gibson & Wootner.

STRUCK CARRIAGE KILLED FOUR.

Four-Seater at Flint, Michigan.

FLINT, Mich., June 14.—The Pere Marquette passenger train due here at 9 o'clock today struck a double carriage at the Hamilton avenue crossing in the suburbs of Oak Park and instantly killed four people. The dead are:

MAJOR G. W. BUCKINGHAM, Flint.

MISS ABRIE BUCKINGHAM.

MRS. THOMAS APPELGATE, Adrian.

MRS. W. H. HUMPHREY, Adrian.

Several factory buildings adjoin the track at Hamilton avenue and Buckingham drove directly in front of the train, which was traveling at high speed. The pilot of the engine was broken by the force of the collision and the bodies of two of the ladies, terribly mangled, were found on it. Engineer Wiggins says he had sounded the whistle for the crossing and the first he knew of the carriage was when his engine struck it.

Mrs. Applegate and Mrs. Humphrey had been guests of Major Buckingham during the State G. A. R. encampment, which ended last night.

DEATH SUMMONS AN OLD GRAND ARMY MAN.

John Gwilt died this morning. The deceased was a member of the Twenty-fourth New York Volunteer Infantry and served through the Civil War. He was born in Newtown, Wales, 110 years old. He came to this country after the war he established his home in Bay City, Michigan. He moved thence to Portland, Oregon, where he resided for twenty years. He came to Oakland for his health a year ago and made his home with his son-in-law on Telegraph avenue. The deceased was post commander of Summer Post No. 12, G. A. R., Department of Oregon, and past master of the Portland Lodge No. 4, G. A. R. of V. of Portland. He leaves a widow, a son, John W., and a daughter, Mrs. Edwin M. Pant of this city. The funeral will take place from Trinity Episcopal Church, Twenty-ninth street and Telegraph avenue, next Sunday afternoon at 2 o'clock.

JOSEPH LANCASTER HAS RETIRED FROM BUSINESS.

Joseph Lancaster, the well known merchant tailor, who has been in business for a number of years at the southeast corner of Tenth and Washington streets, has retired from business, after having, by frugality and industry, acquired a competence. He has turned his business over to his son, Harold L. Lancaster, who has all the qualities as a man and craftsman which have made his father prosperous and successful.

CREMATION.

The Old Fellows' Cemetery, San Francisco. It has expended nearly \$200,000 on buildings and grounds. Has five furnaces. A body is consumed without contact with flame. Every part reduced to ashes by incineration.

It has no stock nor stockholders. It does not divide profits. It makes receipts equal to expenditures. All profits are expended on the care of its property and the perfection of its works.

Prices, \$10; ten to fifteen, \$15; members of societies and associations, and their families, \$20; all others, \$25; which price includes transportation. For the ashes, and the use of the chapel and organist.

As soon as business permits, charges will be reduced. A proposal to lower the cost of cremation to \$20 is under consideration. A special arrangement is now being perfected so that a body sent from any place in the State of California will be cremated at a total expense not to exceed \$40. This is NOT FOR THE CUMULATION OF PROFIT, but in the interest of the poor. It is a humane and economical method of disposing of the dead. If necessary for the cause, we will place a special price on our work. Write to George B. Fletcher, Crematorium, 1000 Broadway, New York City.

IMPORTED SUIT PATTERNS

The seasons selling has left us with sixty-odd French suit patterns on our shelves.

There are corded etamines, silk brocaded poplins, fancy grenadines, chevots, French buntings and many fancy weaves. Rather than carry them over we offer them at from 1/4 to 1/2 of their former price.

Suits which were \$7.50 to \$15.00 are now \$3.00 to \$3.75.

THE PROBLEM.

DOROTHY in the nursery can calculate the price of Ivory Soap per cake, but it would take a mathematical genius to calculate its true value. For he must take account of time, labor, and materials. He must deduct from the apparent cost the saving in the longer life of the cake, in the longer life of the washed fabric, in the labor required, in the time consumed, in the strength expended, in the results obtained. When all is finished, Ivory is the cheapest soap in the world. - It floats.

OAKLAND HARBOR NEWS NOTES.

Strike Interferes With Launching of New Schooner Wawona.

It is now practically certain that the new schooner Wawona, which is being built at the shipyards of W. A. Boole & Son, at the foot of Adeline street, will not be launched next week, as intended. The vessel is all complete except her iron work, the contract for which was let to the Union Iron Works. The recent strike at the works has, of course, suspended all work and the launching must therefore be postponed.

The Booles, however, are hoping that the labor trouble may be settled in time to allow the carrying out of the schedule. If such is the case, the vessel will be launched the latter part of next week.

Laying the Keel.

The workmen at Boole & Son's are laying the keel of the new four-masted barkentine, companion to the Lahaina, which was recently launched at the yards. The Lahaina was the largest craft that had ever been launched in Oakland Harbor, but the new barkentine will be twenty feet longer than that vessel. She is intended for the lumber trade between the Coast and the Hawaiian Islands.

Defender on the Ways.

The four-masted schooner Defender has been placed on the ways at the shipyard of W. A. Boole & Son and will be scraped and repainted. She will also have some repairs made to her bottom.

The Acme Docked.

The steamer Acme docked at the city wharf yesterday and discharged a cargo of lumber for the Humboldt Company. She came from Siuslaw River.

A. W. BISHOP EXPLAINS THE CITY'S FINANCES.

"The press seems to misunderstand the financial matters of the city, and criticizes the Council for not acting in violation of the law, in the matter of transfers from the general fund of the city to the school fund, when, in fact, the general fund was raised very clean before the present Council took office," said Councilman A. W. Bishop. "The Council can, on July 1st, transfer any surplus there may be in any of the funds of the city, to the general fund, and from that fund to the school fund, with from which fund the high school teachers are paid. The City Council compromised the water bills with the water company, by which the bills for May and June were donated to the city, amounting to some \$10,000, which amount was, by the terms of the compromise, to be transferred to the high school fund, to pay the salaries of teachers. If this agreement and compromise shall be blocked by the auditor, there will be no money, or at most only a small amount, which can be transferred—being a surplus in a few of the funds—and even this surplus cannot be transferred until the end of the fiscal year, to-wit, June 30th. If the compromise with the water company is not blocked, after the 30th of June the transfer can be made, and the teachers' warrants paid."

STEWART HEIRS AT SCHOOL IN GLASGOW.

The final account of Howell P. and Matilda A. Capell, as executors of the estate of Catherine Stewart, deceased, shows \$11,253.92 received and \$9,232.42 paid out. A petition has been filed for a distribution of the estate to the three children, John A., Patricia and Hugh Stewart, aged 16, 14 and 12 years respectively. The estate is valued at about \$100,000. It is provided in the will that the property shall not be distributed until the youngest child shall have become of age. It is also directed that a homestead on Seventh avenue, East Oakland, shall not be sold for less than \$40,000 prior to the time when Hugh Stewart shall have attained his majority. The executors state that the homestead is at present worth only about \$7,500 and that it is for the best interests of the minors that it be sold and the property distributed so they may have funds to continue their education. The children are now at Glasgow, Scotland. Mrs. Stewart died in Germany in 1893.

FUNERALS TO GO ON SIDE STREETS.

Council Committees Meet and Pass on Many Matters of Interest.

The Council Committees met last night and aside from hearing numerous protests, disposed of considerable business.

NO BROADWAY FUNERALS.

The Ordinance and Judiciary Committee favorably recommended to the Council Mr. Courtney's ordinance which proposes to compel undertakers to pay a fee of \$1 for local burial permits, or \$2 where bodies are brought from other cities; also prohibiting the carrying of dead bodies along Broadway and Washington between Third and Fourteenth streets, in other words taboing funerals on these business thoroughfares. Councilman Bishop's ordinance proposing a license tax upon the erection and maintenance of business signs was also favorably recommended. The ordinance, however, may not pass, since City Attorney Johnson, in a written opinion, says that it might be considered double taxation.

FLAGMAN AT CLAY STREET.

The petition of J. H. Breuninger and others for a flagman to be stationed at Seventh and Clay streets was also favorably recommended.

MORE FIRE HYDRANTS.

Bishop's resolution for an increase of fire hydrants in the annexed district was also favorably referred to the Council.

STREET MATTERS.

The Street Committee laid over the protest of J. M. Curtis and others against burlinizing the north side of the block on Seventh street between Union and Adeline streets.

Resolutions of intention were recommended for the lowering of the grade of Fifteenth avenue, and for a sewer in Fourth avenue from Silver to Lake View avenue.

The committee also recommended the following:

That Heron & Holcomb be permitted to lay a 6-foot sidewalk on Santa Rosa avenue.

That the Oakland Paving Company be permitted to grade, curb and macadamize Thirty-fourth street between Academy Place and Anderson street.

That the plans and estimates for constructing the storm sewer on Adeline street, as submitted by the City Engineer, be adopted and a resolution of intention be passed; also a resolution changing the diameter of the sewer to be placed in Fifty-sixth street; and for sidewalk Market street from Thirty-first to Thirty-third streets; and that the Hutchinson-Ransome Company be granted sixty days' extension of time to complete improvement of Magnolia street from Third to Fifth street, and Third street from Magnolia to Union.

The protest of F. Meunier and others against the manner in which the grade of East Twenty-second street, between Twenty-first and Twenty-third avenues, was referred to the City Engineer and Street Superintendent to remedy.

Charles Mitchell appeared before the committee and asked that a sewer be laid on both sides of Sixty-sixth street. The committee recommended a sewer in Sixty-sixth street from the Emeryville line to San Pablo avenue, and San Pablo avenue from Sixty-sixth street northerly and Sixty-seventh street from San Pablo avenue easterly.

FOR CITY MATRON.

The Finance Committee recommended favorably the application of Mrs. S. E. Reed to be appointed matron of the City Prison, at a salary of \$40 per month.

A resolution to appoint Miss Lucy Perez as stenographer and second assistant City Clerk was also recommended; but the resolution to appoint copy clerks for the assistance of the City Treasurer and Tax Collector was laid over.

The communication asking that a

QUIET LAUNCHING IN THE HARBOR.

Large Schooner Redwood Glides Into the Waters of the Bay.

A large number of the friends of the owner and builder of the new steam schooner Redwood assembled at Dickey's shipyards across the esuary last evening at 8:30 o'clock to witness the launching of that vessel.

The ceremonies connected with the launching were of the simplest character. They consisted in the breaking of a bottle of California wine upon her bow by Miss Mills of Alameda, who christened the new vessel Redwood, after which the vessel glided gracefully into the waters of Oakland Harbor.

The Redwood was built by the Dickey's for A. W. Beadle & Company of San Francisco and is intended for the Coast lumber trade. She is 135 feet long, with a 32 feet beam and a 10 feet depth of hold. She is capable of carrying 350,000 feet of lumber and twenty first class passengers. She is a two-masted steam schooner.

It was intended to launch the schooner Wednesday, but her stern bearings had not been completed. The delay was owing to the strike of the iron workers, who walked out of Dickey's three weeks ago. Manager Merriam of the United Engineers, however, went to work himself and it was due to that fact that the vessel was completed in time for the launching last evening.

CHECKMATING THE CHINESE.

The decision of the United States Treasury Department that a manufacturer is not, under the terms of the exclusion law, a merchant, is said to be causing consternation among the Mongolians of this country, but we see no reason why there should be any surprise at the ruling. It is strictly in accord with the letter and spirit of the law.

The Eastern "Chiny-lovers," as we used to call them, are agitated at the idea that American laborers have any rights as against the celestial, but the majority of the country's voters have expressed their opinion on this point in a very emphatic manner and they are not disposed, according to the latest expression of thought on the matter, to alter their ideas. It may, then, be accepted as conclusive that we do not want any more Chinese in this commonwealth to compete with white skilled labor. To those who know anything about the proposition it is plain that the Chinese employer of men who is himself one of the manual workers, as all celestial employers are, is one of the persons contemplated by the exclusion act as being prejudicial to the affairs of workmen in this country. So-called "manufacturers" are the bane of labor, particularly in this State, and we do not want a single additional one to be added to the aggregation already collected here.

The decision of the Treasury Department deserves the support of individual as well as organized labor everywhere in this State, and we have no doubt it will get it. In view of the well-known frauds that have been perpetrated as far as alleged merchants are concerned, we do not want to see another loop-hole made in the wall which we have erected against Asiatic cheap labor. The department is deserving of and should receive the cordial co-operation of all thinking citizens.

The Platt amendment is described as appendix to the Cuban constitution. It is to be hoped that it is not of the vermiform variety, for if so its effect upon the constitution is not likely to be as beneficial as anticipated.

An order for trolley cars has been sent from Bombay to American works. The Hindoos won't have to hunt up a juggernaut in future, the street car service will find plenty of victims both in and out of season.

Large quantities of army shoes have been stolen across the bay. It should have been an easy task to secrete plunder of that kind for it would "hide" naturally.

A swarm of bees has invaded ex-Senator Carter's New York residence, according to the dispatches. Wonder if there are any presidential ones among them.

GIVES DINNER TO BRIDES-ELECT.

Mrs. W. A. Jacobs Has an Interesting Gathering at Her Home.

In San Francisco social circles one of the large dinners of the week is to be given tonight by Mrs. W. A. Jacobs, formerly of Oakland at her large home on Pierce street.

The dinner is being given in honor of the engagement of Miss Pauline Lohse and Mr. Montell Taylor of this city.

Among the list of guests are other engaged young people prominent in Oakland's social set.

The large Jacobs residence has been handsomely decorated in honor of the event, carrying out an effective color scheme of pink.

The hall shows a fine arrangement of bamboo and tropical plants.

In the drawing room and music room there is a very effective arrangement of pink sweet peas and asparagus ferns.

The decorations of the dining room are entirely of La France roses, completing the color study of pink, which is the favorite color of the bride-elect, in whose honor the dinner is given.

A string band will be in attendance, and the dinner will be one of the bright social events of the week.

At the table there will be Mrs. W. A. Jacobs, Miss Pauline Lohse, Mr. Montell Taylor, Miss Blanche Sharon, Mr. Harry Parr, Miss Ethel Gage, Mr. George Cross, Mr. and Mrs. Charles E. Parcella, Mr. and Mrs. George Hammer, Miss Mollie Connors, Miss Anita Lohse.

W. A. Jacobs is in New York City. The dinners at the Jacobs' residence during the past season have been most successfully carried out during the recent Presidential visit, was the one planned by Mr. and Mrs. Jacobs, who entertain on an elaborate scale at their home, Secretary Hitchcock and Miss Hitchcock.

PERSONAL AND SOCIAL

NOTES OF INTEREST.

Norman Parrish son of W. H. Parrish, is visiting his parents after an absence from Oakland of seven years. He is now engaged in business at Buffalo, New York.

Mrs. W. B. Sharon left yesterday morning for a three weeks' visit to Lake Tahoe.

Mrs. E. D. St. Maurice of Colusa is visiting her daughter, Mrs. Davies, at 1114 Eighth street.

Mrs. William Letts Oliver, accompanied by her daughters, the Misses Kittle and Nita Oliver, and her two sons, have gone to the Oliver ranch, near Martinez.

Judge S. Hall and family will spend the summer at Pelton, where they have a cottage.

Mr. and Mrs. T. A. Crellin and family will leave next week for Ruby Hill, their country place, near Livermore.

Mrs. Margeson and Miss Eva Margeson have gone to Shasta county for the summer.

Mrs. Cahill and family of Golden Gate are spending a month camping at Glenwood.

Miss Sophie Sohst is spending the summer at Chicago Park, Nevada county.

Warren Hubbard and his daughter, Mrs. L. H. Cobb and children, Miss Carl Cobb and Rufus W. Cobb, will leave on Monday for their summer home at Pacific Grove.

SAN FRANCISCO COUPLE MARRIED IN A HURRY.

A marriage license was issued late yesterday afternoon to J. Wilson, aged 23, and Agnes S. Higgins, aged 13, both of San Francisco. The couple arrived at the Clerk's office after closing hours but prevailed upon Deputy Clerk Baker to issue the necessary document. They were accompanied by Mr. and Mrs. Hughill of San Francisco. Judge Le Rue was summoned and performed the marriage ceremony in the apartments of County Clerk Jordan. After the wedding the party left for San Francisco.

CLUMP OF LILIES SAVES A BABY'S LIFE.

A clump of lilies saved the life of the sixteen-months-old baby of Mr. and Mrs. J. C. Suhr of 1673 Valdez street, yesterday. Baby Helen had fallen from a window twenty feet high, and the frightened mother rushed downstairs expecting to find her child killed. Instead she found the little one had fallen in a clump of lilies. The child was not injured.

A hoop mill is to be established at Casco; they can hoop things up there; Chicago. That's a good place for it; they can hoop things up there about as well as any place in the country.

ELEVEN HUNDRED FOR M'CHESNEY.

Senator Perkins and Committee Present ex-Principal With a Check.

A pleasant surprise was given J. B. McChesney, the retiring principal of the High School, last evening. A committee consisting of Mrs. F. C. Turner, representing the Alumni of the High School, Senator Perkins, representing the citizens of Oakland, and S. P. Mead, representing the teachers, visited Mr. McChesney's home and presented him with a check for \$1,100 for the purpose of sending him and Mrs. McChesney to Europe.

Mr. McChesney's family come from Scotland, and besides his daughter Clara, the celebrated artist, he has other relatives there whom he wishes to visit.

The committee was accompanied by City Engineer F. C. Turner and E. T. Burrill of the High School who had been invited by the committee to make the presentation.

Mr. McChesney replied with much feeling, expressing his deep appreciation of the kindness shown him by the Alumni, citizens and teachers.

Senator Perkins followed with pleasant reminiscences of his long acquaintance with Mr. McChesney and paid him a graceful tribute of esteem and affection left toward him by his fellow citizens.

After spending a pleasant social hour with Mr. and Mrs. McChesney the committee departed.

DWIGHT STRONG IS NOW A LIEUTENANT.

An interesting piece of information which will be received with a great deal of satisfaction by civilians as well as by National Guardsmen, is that of the promotion of Dwight Strong to First Lieutenant and Battalion Adjutant of the Fifth Infantry.

Mr. Strong for a number of years has been curator of the Central Reading Room of the Free Public Library. He has always discharged the duties of his position in a capable manner and has found time to devote to military business.

He has been connected with the National Guard of California for the past sixteen years. His first enlistment was in Company C of the Sixth Infantry in 1884. In 1895 he enlisted again, this time in Company A of the Fifth Infantry.

Last September he retired from the Company with the rank of Sergeant and was appointed regimental Quartermaster-Sergeant.

The commission for Mr. Strong's appointment as Lieutenant and Battalion Adjutant of the Fifth was received this morning from Governor Gage.

DRIVERS MUST ATTEND TO THEIR HORSES

At the last meeting of the Teamsters' Union the organization made a few changes in the by-laws which have found favor with the Dray and Expressmen's Union. The original by-laws absolved drivers from attending to their teams on holidays when they were not employed. This was a provision which failed to receive the approbation of the Dray and Expressmen's Union and was calculated to lead to a fight between both organizations, in other words between employer and employee, some of the former having decided that drivers who would not care for the horses on holidays would have to find employment elsewhere on other days of the year.

This clash was prevented by the change of the by-laws referred to, and as a consequence drivers will hereafter, as heretofore, attend to their horses on holidays the same as on any other day of the year.

HOSTLERS WILL RECEIVE ALL THEY DEMAND.

Tomorrow is the day on which hostlers have decided the new rates of wages established by their union, namely \$2 per day, shall go into effect. They have canvassed the livery stables of this city on the question and find that out of twenty-four places where hostlers are employed there is only one the owner of which declines to agree to the new schedule, and that is Punyee's stable at the northeast corner of Eighth and Alice streets.

The hostlers feel elated over their success and say they will have no difficulty in bringing the Punyee stable into the fold.

ARTHUR AGARD WILL MAKE A TOUR OF EUROPE.

Arthur F. Agard of 1331 Filbert street will sail for Seattle on June 20th, where he will be the guest of Mr. and Mrs. George Meacham for two weeks. He will then proceed to Buffalo to visit the Exposition and will sail for Liverpool on the Majestic on July 17th. He will travel for ten months on the continent and stop for a short time at the Universities of Oxford and Heidelberg. He plans to return from Spain in 1902 and resume teaching.

GRAND OFFICERS ARE EXPECTED TO BE PRESENT.

The Alameda county extension committee of the Ancient Order of United Workmen will meet at Keystone Lodge No. 44 on Tuesday evening, June 13, several of the grand officers are expected to be present.

MISS KATE WHITE IS A HEROINE.

Brave Oakland Girl Looks After the Injured in the Wreck.

The wreck of the narrow gauge train near Pelton yesterday afternoon resulted in the almost miraculous escape of all the passengers, although Engineer James Stanley was badly out and bruised and Fireman Henry Coyle was plumed beneath the wrecked locomotive, his legs crushed to a pulp and an eye gouged out.

Miss Kate H. White of 1233 Webster street, Oakland, was aboard the train and she proved herself a heroine in caring for the injured men. She tore her skirt for bandages. Miss White last evening made the following statement in regard to the wreck:

"We were not very far out of Santa Cruz when the cars gave a great plunge, then halted and jerked again, and we settled down, thinking that the worst was over; then, looking from the window, I saw the engine standing straight up in the air. That lasted only for a moment. You know, it seemed to struggle like a thing of life, and after a wild effort it fell over on its side. The car we were in tilted and, of course, every one got out as best he could."

"I went forward to see if anything could be done, for I knew that some of the men must be hurt. Dr. Mears of Philadelphia, who had been visiting Dr. Anderson of Santa Cruz was caring for the engineer and fireman when I reached the engine and I did what I could. We gave them whisky to warm them."

"The sight of those poor men was one I shall remember till my dying day. They seemed to be bruised and mangled from the tops of their heads to the soles of their feet. Both were unconscious and it seemed as though every breath would certainly be their last. Dr. Mears made splints from the framework of the cars and bound the engineer's legs up. They will be amputated tonight, I understand."

SOLANO COUNTY HAS A NEW LIQUOR LAW.

SUISUN, June 14.—The Board of Supervisors of Solano county has passed an ordinance regarding liquor licenses containing the following provisions: That each person desirous of securing a county license shall present his petition signed by a majority of the resident taxpayers in the voting precinct in which it is proposed to open and conduct a bar. Within the corporate limits of any city the petition must be signed by a majority of the freeholders in the block in which it is proposed to open and conduct a bar. The Board will also appoint a license committee whose duty it will be to investigate the moral character of applicants for licenses. In case an applicant is not of good moral character the petition for a license will be denied.

OLD ACME MEMBERS HOLD A MEETING.

A meeting of the former members of the Acme Club was held last evening to consider the matter of re-organizing. The meeting was held in the courtroom of City Justice Stetson and about thirty were present. Deputy District Attorney W. H. L. Hynes was elected temporary chairman and Lou Hardy secretary. No decided action was taken. Another meeting will be held next Monday evening.

LIEUT. AND MRS. CAMPBELL ARE BACK FROM THE EAST.

Lieutenant and Mrs. E. H. Campbell will arrive from the East on the overland train this evening. Lieutenant Campbell has been doing shore duty at Annapolis for the past two years. He has now been ordered to join the Iowa in the harbor. Mrs. Campbell is the daughter of George Strong of this city.

THE MAIN LAKE SEWER CHOKED UP

Sewage Flows Into Lake in Consequence of Old Council's Mismanagement.

SUPERINTENDENT OTT IS WITHOUT FUNDS.

Present Administration Is Badly Crippled by Acts of Former Councilmen.

The outcry about Lake Merritt being polluted by sewage from the main lake sewer has a modicum of truth and a magnum of misrepresentation, or at least misinformation. The blame for the present condition of the main lake sewer rests upon the last city administration, which allowed the automatic gate at the inlet of the sewer to practically rot down and the sewer itself between Harrison street and Broadway to choke up with sand washed down from Cemetery creek.

When the lake is full of water the pressure of the current carries the sewage that comes from the intercepting sewers through in spite of the sand obstruction, but when the water was lowered to allow the gates of the Twelfth street dam to be repaired the sewage from the Cemetery creek sewer broke through the rotten old gate and ran into the lake.

The matter was reported to the authorities on Tuesday afternoon and the gate was repaired yesterday to afford temporary relief. The sewage flow into the lake has been stopped, but it is a matter of urgent necessity that the sewer be cleared of the sand that has lodged between Harrison street and Broadway and a new gate put in at the inlet. This will cost between \$500 and \$600, and there is absolutely no money in the treasury that can be used for this purpose.

Stephen T. Gage made the complaint in the first instance and relieved his feelings to the extent of a column interview yesterday about the alleged delay in making the necessary repairs. He charged the city government with imbecility for twelve years past, but he was so carried away that he blamed the present administration for the condition of affairs it inherited from its predecessor.

The last Council left an empty treasury and the streets and sewers in a sadly dilapidated condition. Mr. Gage also complains of the failure to sprinkle Harrison street. Everybody knows that Harrison street should be sprinkled, even though the heavens fall, but it costs money, which is something the city does not have at present. It would require forty carts to properly sprinkle the streets of Oakland, but the last Council spent so much on Roberts Landing wells, Mr. K. Miller and other political bores that it was found necessary to cut the number of sprinkling carts down to fifteen. Now the street department is running twenty-one carts on three-quarters time, which gives less than half the street sprinkling service required.

Mr. Gage's choleric indignation at the state of affairs is being twisted against those who are not responsible therefor, and directed away from those who are to blame for it.

"The main lake sewer will be cleaned out and a new gate put in at the inlet as soon as we can get the money to do it," said Street Superintendent Ott. "It ought to be done at once, but we can get no money till after the 1st of July. All the sewage that ran into the lake came from the Cemetery Creek sewer, which intercepts the main lake sewer at Harrison street. The gates being rotten and the sewer clogged with sand, the sewage from Cemetery Creek escaped into the lake when the water was temporarily lowered to repair the gates at the Twelfth street dam. This leakage was stopped as soon as the gates were repaired, another sewer break equally as urgent, and there was no money to pay for any other laborers. It is not my fault that there is no money available for this remedial work. I hope to see this remedied after the close of the fiscal year. There is a call for numerous repairs, but I must be given the money and the authorization before I can proceed with them. I must say that the Board of Public Works and myself are doing the very best we can under the circumstances. Like ourselves, the Council has its hands tied for lack of money. We cannot half sprinkle the town as it should be because we can't pay for the carts. That's the situation. There are many small jobs that the average person thinks can be done off hand, but with a limited force and limited funds, some must wait while others are being done. The temporary means adopted to keep the sewage out of the lake will be made durable and permanent in a few weeks. In the meantime, there is no cause for alarm, for the flow has stopped. It was small in quantity and lasted for only a short time."

CONTEST OVER A SALOON LICENSE.

Property Owners Enter a Vigorous Protest Against J. J. Bettencourt.

The Municipal License Committee heard the protest, last night, of H. Schiller and others against granting J. J. Bettencourt, the dairyman, a liquor license to conduct a saloon at 5833 Shattuck avenue.

Messrs. Schiller, W. F. Griffin, A. W. Walker, T. Thompson and others appeared personally and explained that they were opposed to having a saloon in this residence section.

They found no fault with Bettencourt, whom they all regarded as an honest, industrious, well-meaning and law-abiding citizen, but their protest was against a saloon in general.

George Mahoney, W. Kirchner, Joshua Tonks, Theodore Gier and others appeared as witnesses for Bettencourt.

Kirchner signed the application as a property owner, though he resides outside of the district. His tenant, however, signed the protest, and Kirchner said he didn't care how soon they moved out.

Joshua Tonks said he had always found Bettencourt a proper gentleman; that the neighborhood wishes a saloon and grocery as an accommodation.

Mr. Bettencourt, the applicant, also was sworn. He said he had lived at 5833 Shattuck avenue the past five years, and prior to that at Benton and Grove for five years; that he was engaged in the dairy business at Tenth and Market, had never bothered his neighbors and was trying to make a living.

He had been assured several weeks ago that he would get his license, the License Committee having favorably recommended the same at a previous meeting; that on the strength of such assurance he had expended some \$800 in altering his building to fit it up as a grocery and saloon.

Theo. Gier corroborated Mr. Bettencourt in this.

It was finally decided to return the application to the Council without recommendation.

The liquor license application of A. O. Brooks to conduct a saloon at 1552 Seventh street, together with the applications referred to the committee were favorably recommended.

SACRAMENTOS ACT LIKE A LOT OF BOYS

The baseball game between the Oakland and Sacramento teams at Recreation Park yesterday broke up in a row in the third inning. The game went to Oakland by a score of 9 to 0. Objection was made to the manner in which Pitcher Stricklett was delivering the ball. Umpire Tyler ruled in favor of Oakland. Stricklett then refused to pitch any more and after some wrangling the Sacramento team left the field.

The spectators were given checks entitling them to see another game. The Oakland team made five runs in the first inning and San Francisco defeated Los Angeles at the latter's ground by a score of 2 to 1.

LANDERS STEVENS IS STILL STAR AT THE DEWEY.

Landers Stevens continues to be the star attraction at the Dewey Theater. In the little role in "The Mountebank" he has made a great hit. The play will be repeated this evening and at the matinee tomorrow as well as on Saturday and Sunday evenings. Mr. Stevens has an excellent supporting company.

LEO WALLERSTEIN AMONG MISSING.

Collector Has Not Squared His Accounts and Money Is Gone.

Leo Wallerstein, a well known resident of Oakland, is missing and his employers have found so far a shortage of \$103.75 in his accounts. It is expected that a further investigation will show a larger shortage.

Wallerstein was the outside salesman and collector for William Knapp & Co. of San Francisco, and received a salary of \$30 a week. He was a popular fellow, however, and lived a gay life than his income warranted, and, according to Knapp, was in the habit of playing the races. About two months ago, Knapp says, he learned that Wallerstein had been seen frequently at the race track, and he warned him that if he were seen there again he would be discharged. Wednesday he was expected to collect quite a large sum of money, but he did not appear at the office and an investigation proved that he had not been seen at his lodging house at Ninth and Washington streets since Wednesday morning. It is said by his employers that he had not been turning in all the money collected since April 1st.

Wallerstein has a wife who has been ill for some time in the German Hospital. Several years ago he was arrested in Los Angeles for embezzlement, but was acquitted at the preliminary hearing.

ST. COLUMBA PARISH WILL GIVE A PICNIC.

GOLDEN GATE, June 14.—A meeting of the young ladies and gentlemen of St. Columba's parish, Golden Gate, was held last night at the pastor's residence, to determine ways and means for holding a picnic in the near future. There was a large number present. This will be the first picnic for this parish, and from the attendance and the enthusiasm manifested it may be predicted a great success. No time was spent in idle talk. It was business from start to close of the meeting. John J. Sullivan occupied the chair. E. P. Walls acted as secretary. It was decided to hold the picnic at Shell Mound Park, on Wednesday, July 21. Committees were appointed as follows: Gate—Fred Cook, J. J. Sullivan, Mr. O'Connor, Games—J. L. Brennan, Cornelius Newell, Albert Storrs, Floor—George Sullivan, Eugene Finn, Albert Storrs, Music—Mr. O'Connor, J. Brennan, P. Cook, Arrangements—J. J. Sullivan, Mrs. L. Miller, E. P. Walls, Mrs. J. J. Finn, G. Sullivan, Miss Peladeau, G. King, Miss O'Connor, P. Cook, Miss Nellie O'Connor, J. Brennan, Miss Agnes Carey, C. Newell, Miss Elodie Smet, A. Storrs, Miss Florence Baxter, Mr. O'Connor, Miss Young, E. Finn, Miss Nellie Shay and Hazel Baxter. Tickets of admission into park: For adults, 50 cents; for children over 5 and under 12 years, 25 cents; children under 5, free.

NEED STEAM?

The Place to Get it is from Selected Food.

It is good to know the kind of food those with weak stomachs and hearts can get along with, for when a man or woman is a little below par, an easily digested food is the thing that goes right to the spot.

A man in Kirksville, Mo., tells how he got out of trouble by using Grape-Nuts Food. He says: "My trouble was intense suffering in the stomach. It was called gastralgia, but no medicine gave any permanent relief. In June of last year I began to grow much worse in every respect. I was terribly constipated and the stomach pains were severe. I ran down until I weighed only 120 pounds. I had to give up my business for my nerves were completely unstrung and I could not sleep more than two or three hours during the night, and that only by snatches during a lull in the pain.

"I tried almost every kind of food, but finally was put on Grape-Nuts and in a little while it began to make its worth known. I began to sleep, after nights, my strength gradually came back, and I gained in weight rapidly until a little while ago I weighed 165 pounds and have been a well man for months with never a touch of the old trouble.

"My bowels are perfect, the nervous trouble has gone. You can realize I appreciate the value of Grape-Nuts Food. Don't publish my name, but you can give it in private correspondence and I will take pleasure in answering the letters."

This is another evidence of the practical worth of Grape-Nuts Food in cases of weak stomach and bad digestion. It is the most scientifically made food in existence and contains absolutely nothing but selected parts of the field grains so cooked and prepared as to admit of almost immediate digestion and assimilation, carrying with it the elements furnished by the All Wise Creator for rebuilding the nervous system, the soft part of the brain and the solar plexus.

"When one gets from food what the body needs it is easy to get well and keep well."

CARNIVAL HELD AT HAYWARDS.

An Interesting Program for the Benefit of the Presbyterian Church.

HAYWARDS, June 14.—Last night a carnival was given at the Haywards Opera House for the benefit of the Presbyterian Church. The affair was gotten up by a professional, and it seems it was an advertising scheme as well as a church affair. The proceeds were to be divided between the church and the man who owns the scheme. Altogether the affair was very pleasing. There was a fair march of sixty little girls in white and a colored light tab-leaux and some very laughable advertising scenes. Female blacksmiths, barbers, porters, butchers and dentists brought the house down. The performance will be repeated tonight, when the program will be completely changed.

STANDARD COMPANY TO LIGHT SAN LEANDRO.

SAN LEANDRO, June 14.—The report is current around town that the Standard Electric Light Company has bought out the San Leandro Gas Company and that the former company proposes lighting the city. For some time past the city has hoped that the Standard Company would furnish them with light, and some time ago the Board of Trade approached the company about the matter. At that time the Standard Company stated that such a thing was impossible as Mr. Landers held a fifty years' franchise to supply the city with light, and if they were to do so they would have to furnish it through Mr. Landers, who owns the gas plant. Nothing authentic, however, has as yet been made public about the matter.

A BEAUTIFUL FAIRY TALE.

Remarkable and Interesting Story Told By a Fruitvale Young Lady.

FRUITVALE, June 14.—Charles Martin, who lately moved to this place from San Francisco, disappeared from his home last Tuesday. On the following day his 16-year-old daughter Josie disappeared. The mother of the girl searched everywhere. The police in Oakland and San Francisco were informed, but no trace could be found of the missing girl. Yesterday afternoon the mother found her daughter in San Francisco with friends. The girl tells a very strange story of her sudden disappearance. Yesterday afternoon while sitting in Fruitvale station preparatory to going to the cotton mills, where she had secured employment, Josie was accosted by an elderly man, who inquired where she was going. She told him, and he then asked her if she would do him a favor. He explained that he had failed to keep an appointment with his daughter and requested that the young lady go to a certain house on Oak Street in Oakland and inform his daughter of his whereabouts. In case she was not there, to go to San Francisco, where she (Miss Martin) would find the girl at the ferry building. For her trouble he promised to pay her 50 cents. The girl started, after getting her car fare from the old man, so she says. At the house in Oakland she could find no one, so she went at once to San Francisco and was disappointed there as well. Then to her sorrow she found she could not go home, only having received enough money to pay her fare over. After wandering around for several hours she finally found some friends with whom she spent the night. Mrs. Martin, the girl's mother, thinks there was foul play of some sort intended, and by chance there happened to be no one at the Oakland house. The girl describes the old man who spoke to her as being quite gray. He was well dressed and wore a long dark overcoat. The girl Josie is very pretty, and her mother says "very green." The father has been located in San Francisco, where he is working.

CONTRA COSTA FILES A LETTER.

Calls Attention of the Alameda Board of Trustees to the Law.

ALAMEDA, June 14.—The following letter has been filed with the City Clerk:

"Gentlemen: In relation to the policy which your Honorable Board seems to be pursuing in making a further extension of the application of salt-water for street sprinkling, as a substitute for water previously supplied by the Contra Costa Water Company, I wish to respectfully call your attention to the following facts in relation to this matter:

"First—In compliance with the requirements of the law of this State you have fixed the rate of charges under which the water company is required to operate for the year following June 30, 1901. In so doing you have as a basis for such rate determined the amount of revenue which the company realized in the year preceding January 1, 1901, and have required in the new ordinance the rates under which that revenue was received. In so doing you have figured on allowing us a return for the money invested in the water works plant a rate of interest very much less than that to which the company considers itself entitled. Said ordinance was adopted under a strong protest from the company, and if accepted, and the charges made in accordance therewith, it must be understood that this will be done under protest.

"Second—In the case of the Contra Costa Water Company vs. the city of Oakland, recently tried in the Superior Court of the State, the company's contention that it is entitled to receive a net return of 7 per cent upon the value of its property has been upheld.

"Third—The extending of the use of salt water by the city of Alameda for sprinkling has for the month of May reduced the revenue of the company below that received during the same month of the previous year over one-half, or something like \$20 per month.

"Fourth—Any reduction of revenue thus made operates to diminish the returns of the company for the coming year below that which was presumably made the basis for the determination of the water rates embodied in the ordinance going into effect July 1, 1901, and consequently will operate to so diminish the revenue which this company will receive as to make it considerably less than that which your honorable body claimed to be allowing it in the adoption of the said ordinance.

"Fifth—We cannot but regard such a policy as constituting a substance a violation on the part of the municipality of the agreement plainly implied in the adoption of said ordinance.

"Sixth—If such a policy of reduction in revenue of this company from water used in street sprinkling been contemplated when said ordinance was framed, it is evident that in coming to this company the rates to the private consumers should have been sufficiently increased to make up for this loss.

"Seventh—It should be borne constantly in mind by your honorable body that inasmuch as the courts have repeatedly held that a water company operating under the provisions of the California law is entitled to receive just compensation for the use of its property, and therefore the amount of revenue to which it is entitled in any given year must be determined, it follows that any reduction in that revenue from one source must be correspondingly increased from other sources, if justice is to be done.

"Eighth—In view of the exceedingly low rate of interest which you have allowed this company in the adoption of this ordinance, any further reduction of that interest by the cutting off of revenue previously derived from the municipality must operate as an injustice to the water company, and as an inducement for it to seek suit for further encroachment upon its legal rights.

"We must earnestly solicit that you give this question due consideration, and that you do not adopt this ordinance herein complained of the ordinance recently adopted still more oppressive than it otherwise will be. Very truly yours,

"CONTRA COSTA WATER CO.

FIVE NEGROES EXECUTED
IN A GEORGIA JAILYARD.

Made a Short Talk, Drank Lemonade and Were Then
Swung Into Eternity.

Formed a Dark Conspiracy and
Declared That They Would
Kill the White
Folks.

SYLVANIA, Ga., June 14.—Arnold Augustus, Andrew Davis, Richard Sanders, William Hudson and Samuel Baldwin, all negroes were executed in the yard of the county jail of Screven county this afternoon. The drop fell at 12:20.

The necks of four were broken by the fall.

The fifth died of strangulation. The negroes bore up well.

They sang in the jail and afterwards marched between a squad of soldiers to the scaffold.

Here they made a short talk and received spiritual consolation.

They then drank lemonade furnished by the Sheriff and thanked him for his kindness to them.

None of the negroes said he was innocent of the crime for which the men met death.

"Death to Whites."

SYLVANIA, Ga., June 14.—These five negroes were convicted of a murder committed under an alleged criminal conspiracy by an organized band of blacks known as "Knights of the Arrow." The motto of the organization was, it is said, "Death to the Whites." The murder for which the men died was but the culmination of a long series of crimes. It is common report that the charter of this oath-bound organization was signed in blood and the leaders of the movement, assembled his band only at night, when he swore them, with awesome rites, to

STRIKERS OPEN WAR ON
A DRIVER AT BECKER'S.

There was an all-day session of the Journeymen Butchers' Union today at Becker's Hall on Washington street and the men heard speeches which increased both their enthusiasm and determination in reference to the war they are waging upon the wholesalers of the stockyards. They are now exerting every energy to establish thoroughly union shops by furnishing a supply of union meat. Hereafter they have considered as fair those shops that displayed the union label and did not employ non-union help, but today a number of shops secured union meat, or meat that has not been handled by the big wholesalers, and in such shops the union men were allowed by the union to go back to work.

There are a number of union sympathizers who desire to handle union meat, but who have been compelled to purchase from the wholesalers, owing to their failure to obtain fair meat. The strikers now have a single purpose in view to secure a sufficient supply so that all who desire may obtain union goods. That was the purpose of today's meetings and the strikers say that, within a few days, they will be able to furnish an unlimited quantity of beef, mutton and pork to the union shops, so that there can be no excuse for handling other than fair meat.

Strikers' Meeting.

At the meeting of the strikers this morning an address was made by Chris Merchant, who conducts a shop at 25 Sixth street, San Francisco, and who was formerly a member of the Butchers' Board of Trade.

"The Butchers' Board of Trade," said Merchant, "is practically dead. There has been a long fight between the Board and the Western Meat Company, and the Board people, and the Western Company has won. With my own eyes this morning I saw the men of the Western Meat Company deliver meat to Brady of the New Bay State Market, one of the erstwhile pillars of the Butchers' Board of Trade. That was the death knell of the Board, for the Western Company will drop the Board and where will it be? I say the drop is a thing of the past and I am out of it. I am with the union and if you go down, I'll go down with you."

Merchant also stated that he was getting cattle, sheep and hogs from interior counties without difficulty and that he would furnish as much meat as possible to other union shops.

Union Shops Opened.

The strikers have men in various parts of the State buying up cattle, sheep and

secrecy and to deeds of death or robbery.

Three Men Fell.

On a night in October, 1899, Milton Means, a constable of Screven county, Fillmore Harrington and Captain Jesse Wade started out from Sylvania to serve a warrant for the arrest of Joe Sanders, a young negro wanted for some trivial offense. No sooner had they reached his house than a fusillade began. From the tracks between the logs of the cabin and from a thicket of dwarf trees close by came the flash of rifles and shotguns and the three men fell desperately wounded.

Were Shot to Pieces.

Captain Wade agreed to crawl to his buggy and make his way to Sylvania, where he told of the shooting. Harrington and Means were literally shot to pieces. The murderers escaped, but one after another five were arrested and placed in jail here. These were the men who met death today.

The others, including McKinney and the real leaders of the Knights of the Arrow, successfully effected their escape and have never been captured.

Killed a Conductor.

BRUNSWICK, Ga., June 14.—Tracey Griffin, colored, was hanged here today for the murder in October last of R. Marion Latimer, a passenger conductor on the Southern Railway. The conductor was killed for ordering the negro to come inside the car from the platform while the train was in motion.

RUSSIAN SHIPS ARE
DESTROYED BY FIRE

ST. PETERSBURG, June 14.—A fire at the Galley Island ship yard yesterday consumed the ships, the cruiser Wilas and other vessels, cable government and other buildings there and a large stock of timber.

The flames also leaped the Neva-Pontika canal, destroying several military warehouses filled with supplies. According to the Novoe Vremya, twelve persons lost their lives in the flames.

The damage done amounts to 10,000,000 roubles.

GREAT SHOWING
IN KLONDIKE.

SEATTLE, Wash., June 14.—The Yukon is open from end to end, according to news brought down by the steamer Dolphin, which arrived this morning. The ship brought down \$6,000 in gold dust.

The presence of \$2,500,000 of gold dust in the banks at Dawson has caused a renewal of speculation as to what the total output of the Klondike is this year. Comparisons have been made with the receipts in previous years to the corresponding date and calculations made. It is held by many that one-half of the total output is now in the banks, and they figure that the grand total will be in the neighborhood of \$5,000,000. Many persons, however, are ready to place the amount at a greater figure, and these hold that between \$30,000,000 and \$25,000,000 would be nearer the correct estimate.

Trouble With Pickets.

During the forenoon none of the pickets were sent out except three before Becker's lower Washington street market, and the retailers thought that the men had grown weary of the struggle. They were disappointed, however, for the pickets appeared before noon. They had been attending the morning session of the union.

At 10 o'clock this morning Becker secured a load of beef from Miller & Lux and another mob gathered around the wagon, hooting and jeering the driver. One of the strikers unbuckled the reins at the bridle bits, but it was discovered in time to prevent a runaway.

Shortly afterward a delegation of eleven pickets gathered in front of Becker's and their cries were so deafening that a neighboring merchant telephoned for more police. No arrests were made, however.

Last evening, just before 6 o'clock, the patrolmen stationed in front of Becker's were ordered to report at the City Hall, and when those employed in the shop left the place they were egged by the mob that had gathered in the absence of the police.

Wholesalers Firm.

The wholesale men and the large dealers laugh at the efforts of the strikers to secure cattle elsewhere. They say the men are not strong enough to fight the big concerns and that they must eventually give in.

"I am going to open my Eleventh street shop tomorrow," said Fred Becker. "I now have all the men I want and am better prepared to fight them than ever before. There is no chance for a compromise settlement. As for the Western Meat Company furnishing meat to Brady, it simply shows our strength. It shows that the wholesalers across the bay and at the stock yards are standing together and will not be broken down."

The strikers have not yet decided to call out the cops and waiters, but they

Jacob A. Johansen, an employe in the block system of the Southern Pacific, was run over by the race-track train and instantly killed this afternoon at 1:30 o'clock at the Broad Gauge Mole. His head was severed from his body. He was working on the trucks and stepped out of the way of a train going toward the Mole and in the way of the train bound for the race track. He was seen by the engineer of the race train, but too late to prevent him from being run down.

When the train was stopped, Johansen was lifeless. The remains were taken to the Morgue.

The train was in charge of Conductor P. Graves, and the engine, No. 1268 was driven by J. Salpagni.

Johansen was about 50 years of age, and the father of a large family. His home was at 1779 Fifth street.

PROTECTING THE
NEGROES LIVES.

Governor Does Not Want Any
Lynching in State of
Louisiana.

SHREVEPORT, La., June 14.—The forenoon passed without the lynching of any of the negroes who have been under arrest in the adjoining parish of Bossiere for the murder of John Gray Foster, on the Foster Plantation, last Wednesday. Prince Edwards, the negro who shot Foster, is still in hiding.

The strong stand taken by the Governor in opposition to any violence, his offer to send troops and the protest of the Foster family against the execution of innocent blacks, have apparently had a good effect.

The excitement has diminished and the planters and business men generally deprecate a wholesale lynching or a reign of terror for fear it will have the effect of driving negro labor away.

Court opened at Dawson on June 4, Counsel for George O'Brien, counsel of the order of Slavon, O'Brien and Rife, asked for a continuance for two months. The court denied the request, but granted a stay of proceedings for one week. Will Slavon, brother of the murdered man and a prominent merchant of Skagway, and about eighty other witnesses of the crown are now in Dawson. They are being maintained at the expense of the government. O'Brien has asked the government to send to Nomo for three witnesses for his defense, and they will be sent for.

LARGE HOTEL AT WEST

WEST BADEN, Ind., June 14.—The Mineral Springs Hotel was destroyed by fire early today. The fire broke out at 2 A. M. in the bath-shop at the south end of the building. It burned rapidly and by 3 o'clock the large frame building had been completely consumed. The loss is \$200,000; insurance, \$100,000. Two hundred and twenty-five guests registered at the hotel last night. All of them escaped uninjured.

PARIS, June 14.—D. B. Henderson, Speaker of the House of Representatives, who was received yesterday with Representative Gillette by President Loubet, came away with the best impressions of his visit. Mr. Henderson said to the correspondent of the Associated Press: "The President received us most cordially. We felt as much at home as though calling on President McKinley. We found M. Loubet to be a man of charming manners and of admirable democratic tastes. Our conversation, which lasted some time, convinced me that he is a high-minded patriot, devoting his efforts to the best interests of his country. His allusions to the United States showed him to be a sincere admirer of our country and its institutions, and he is inspired with cordial sympathy for President McKinley."

"I had previously met M. Deschanel, President of the Chamber of Deputies, who was most courteous and enabled me to be present at a session of the Chamber under his auspices. There was nothing striking in the session at which the bill providing for old age pensions was being discussed, but I had an opportunity of seeing the house in a deliberative mood, performing serious work. M. Deschanel tendered me a standing invitation to attend any session of the Chamber during my stay and invited myself and wife and Mrs. Gillette and Field to his reception on Saturday."

SACRAMENTO, June 14.—The fourth days session of the Grand Parlor of the N. D. G. W. opened in the Senate chamber at the State House at 9 o'clock this morning. Grand President Emma Gatt in the chair.

The first order of business being the election of grand officers, the following were elected:

Grand President—Mrs. Genevieve Watson Baker, Buena Vista, 65, San Francisco.
Grand Vice-President—Elihu D. Keith, Alta No. 3, San Francisco.
Grand Secretary—Laura J. Frakes, Anapola No. 30, Sutter Creek.
Grand Treasurer—Amanda Hamerly, Piedmont No. 87, Oakland.
Grand Marshal—Harriet S. Lee, Woodland No. 20, Woodland.
Grand Inside Sentinel—Anna Henderson, Los Pimientos No. 115, Santa Paula.

Grand Outside Sentinel—Eva O. Bussaniti, La Esperanza No. 24, Los Angeles.
Grand Trustees—Maud Woods, La Bandera No. 110, Sacramento (elected unanimously); Mrs. Ariana Stirling, Alhambra, City; Mrs. E. Gnekow, Joaquin, Stockton; Mrs. Ella Caminetti, Uruia, Jackson; Mrs. Emma Thirbach, La Estrella, San Francisco; Stella Pindoley, Santa Cruz; Mrs. Della Shine, Dardanelle, Sonora.

DESERTERS WITH THE
INSURGENTS KILL OFFICERS.

MANILA, June 14.—The recent battle with the insurgents at Lipa, in which Lieutenant Springer was killed and Captain Wilhelm and Lieutenant Lee were mortally wounded, was begun by the Americans. The disproportionate number of officers killed is said to be due to the fact that there were several deserters from the American army with the rebels.

LIVED IN OAKLAND
SINCE EARLY DAYS.

Charles McCleverty, ex-Sheriff of Alameda county and one of the few surviving pioneer livery men of Alameda county, died this morning at his home, 1237 Harrison street, of tuberculosis.

Dr. James P. Dunn attended Mr. McCleverty and prolonged his life many months by an operation.

Mr. McCleverty's illness has been a source of exceeding annoyance to himself for a number of months, though its aggravated form was superinduced by a severe cold contracted some time ago, when he prematurely returned to the conduct of his livery business after he had undergone the amputation of one of his lower limbs.

Mr. McCleverty was one of the best known men in this city and he is especially well known among the early residents of Oakland, who still survive. He was a native of Canada, where he was born in 1845.

He came to California when a youth about 17 years of age, and after seeking an opening in several places settled in Oakland, where he has since continuously resided. His fancy turned to the livery business, and about the year 1865 he opened what was then known as the Pacific Stables, which he ran for a number of years at the corner of Third and Broadway.

Later he moved further up Broadway according as the business district moved and opened a livery stable at

Ex-Mayor Returns From the East* Speaks of the Industrial Condi-
and Says Trusts Are the * tions in the Eastern Cities
Great Issue of the * and Draws Com-
Future. * parisons.

"I saw abundant evidences of abounding prosperity all over the country, but I found a strong sentiment in the West demanding some legislation to curb trusts," said ex-Mayor M. Chapman this morning. Mr. Chapman returned yesterday from a lengthy tour of the Eastern States.

"Unless something is done to check the overwhelming power of centralized wealth in the industrial world a large proportion of the Republican Congressmen from the Western States will be defeated for re-election and the Republican party will be defeated in the next Presidential election. I heard stalwart Republicans and responsible business men talking this way all over the West, and my observation led me to believe that the sentiment is growing in strength and intensity. In the extreme Eastern cities, which are the centers of organized wealth, the sentiment is not so pronounced and I did not hear much talk on the subject. But in the great West there are breakers plainly ahead. It is an issue that the Republican party is called upon to meet, and it is one surrounded with great difficulties and involving vast consequences.

(Continued on Page 2.)

The Trust Question.

"Among the Republicans who are demanding legislation on the trust question the belief is general that as soon as President McKinley gets the Porto Rican matter settled he and his advisers will turn their attention to a solution of the trust problem. It is a knotty question, and one that is of the gravest concern to the people, for it may assume such a phase as to endanger the constitution itself. It is not unusual to hear solid business men, old time Republicans, say the trusts must be controlled at all hazards.

Demanding Legislation.

"This talk is all the more significant because business is good everywhere and industrial activity the rule at every place I visited. The amount of building going on in the Eastern cities is phenomenal. The sentiment I allude to is not the fruit of labor agitation nor the result of discontent on the question of wages. Both wages and business being good, the trust matter is being thought about because of a growing fear that a few organizations will shortly have absolute control of the sources of production and the avenues of distribution. It is not an ephemeral sentiment springing from unsatisfactory fiscal and industrial conditions, but a deep settled apprehension that the country is in danger of falling into the grip of great corporations. Whether this view is well or ill grounded, the sentiment it is producing is serious, even portentous. The issue will be forced upon the country whether wisely or unwisely, and I dread the struggle that will be precipitated.

Signs of Progress.

"I visited Chicago, Kansas City, St. Louis, Leavenworth, Springfield, Ill., Washington, Philadelphia, New York, Boston, Syracuse, Troy, Albany, Buffalo, Saratoga and intermediate points, and I was struck by the universal signs of progress and potential wealth. There was no disturbance from strikers visible at any point save Albany, where a street car strike was in progress. In all respects our trip was a delightful one because of the general evidence of peaceful prosperity. Apparently every man who wants to work can get a job at good wages, and one fails to note indications of stagnation.

THE PROBLEM.

DOROTHY in the nursery can calculate the price of Ivory Soap per cake, but it would take a mathematical genius to calculate its true value. For he must take account of time, labor, and materials. He must deduct from the apparent cost the saving in the longer life of the cake, in the longer life of the washed fabric, in the labor required, in the time consumed, in the strength expended, in the results obtained. When all is finished, Ivory is the cheapest soap in the world. - It floats.

FUNERALS TO GO ON SIDE STREETS.

Council Committees Meet and Pass on Many Matters of Interest.

The Council Committees met last night and aside from hearing numerous protests, disposed of considerable business.

NO BROADWAY FUNERALS.

The Ordinance and Judiciary Committee favorably recommended to the Council Mr. Courtney's ordinance which proposes to compel undertakers to pay a fee of \$1 for local burial permits, or \$2 where bodies are brought from other cities; also prohibiting the carrying of dead bodies along Broadway and Washington between Third and Fourteenth streets, in other words tabling funerals on these business thoroughfares.

Councilman Bishop's ordinance proposing a license tax upon the erection and maintenance of business signs was also favorably recommended. The ordinance, however, may not pass, since City Attorney Johnson, in a written opinion, says that it might be considered double taxation.

FLAGMAN AT CLAY STREET.

The petition of J. H. Breuninger and others for a flagman to be stationed at Seventh and Clay streets was also favorably recommended.

MORE FIRE HYDRANTS.

Bishop's resolution for an increase of fire hydrants in the annexed district was also favorably referred to the Council.

STREET MATTERS.

The Street Committee laid over the protest of J. M. Curtis and others against blighting the north side of the block on Seventh street between Union and Adeline streets.

Resolutions of intention were recommended for the lowering of the grade of Fifteenth avenue, and for a sewer in Fourth avenue from Silver to Lake View avenue.

The committee also recommended the following:

That Heron & Holcomb be permitted to lay a 5-foot sidewalk on Santa Rosa avenue.

That the Oakland Paving Company be permitted to grade, curb and macadamize Thirty-fourth street between Academy Place and Andover street.

That the plans and estimates for constructing the storm sewer on Adeline street, as submitted by the City Engineer, be adopted and a resolution of intention be passed; also a resolution changing the diameter of the sewer to be placed in Fifty-sixth street; and for sidewalk Market street from Thirty-first to Thirty-third streets; and that the Hutchinson-Ransome Company be granted sixty days' extension of time to complete improvement of Magnolia street from Third to Fifth street, and Third street from Magnolia to Union.

The protest of F. Meander and others against the manner in which the grade of East Twenty-second street, between Twenty-first and Twenty-third streets, was referred to the City Engineer and Street Superintendent to remedy.

Charles Mitchell appeared before the committee and asked that a sewer be laid on both sides of Sixty-sixth street. The committee recommended a sewer in Sixty-sixth street from the Emeryville line to San Pablo avenue, and San Pablo avenue from Sixty-sixth street northward and Sixty-seventh street from San Pablo avenue easterly.

FOR CITY MATRON.

The Finance Committee recommended favorably the application of Mrs. S. E. Reed to be appointed matron of the City Prison, at a salary of \$40 per month.

A resolution to appoint Miss Lucy Perez as stenographer and second assistant City Clerk was also recommended; but the resolution to appoint copy clerks for the assistance of the City Treasurer and Tax Collector was laid over.

QUIET LAUNCHING IN THE HARBOR.

Large Schooner Redwood Glides Into the Waters of the Bay.

A large number of the friends of the owner and builder of the new steam schooner Redwood assembled at Dickey's shipyard across the estuary last evening at 8:30 o'clock to witness the launching of that vessel.

The ceremonies connected with the launching were of the simplest character. They consisted in the breaking of a bottle of California wine upon her bow by Miss Mills of Alameda, who christened the new vessel Redwood, after which the vessel glided gracefully into the waters of Oakland Harbor.

The Redwood was built by the Dickey's for A. W. Beadle & Company of San Francisco and is intended for the Coast lumber trade. She is 135 feet long, with a 32 foot beam and a 19 foot depth of hold. She is capable of carrying 350,000 feet of lumber and twenty first class passengers. She is a two-masted steam schooner.

It was intended to launch the schooner Wednesday, but her stern bearings had not been completed. The delay was owing to the strike of the iron workers, who walked out of Dickey's three weeks ago. Manager Merriam of the United Engineers, however, went to work himself and it was due to that fact that the vessel was completed in time for the launching last evening.

CHECKMATING THE CHINESE.

The decision of the United States Treasury Department that a manufacturer is not, under the terms of the exclusion law, a merchant, is said to be causing consternation among the Mongolians of this country, but we see no reason why there should be any surprise at the ruling. It is strictly in accord with the letter and spirit of the law.

The Eastern "Chin-lovers," as we used to call them, are aghast at the idea that American laborers have any rights as against the celestial, but the majority of the country's voters have expressed their opinion on this point in a very emphatic manner and they are not disposed, according to the latest expression of thought on the matter, to alter their ideas. It may, then, be accepted as conclusive that we do not want any more Chinese in this commonwealth to compete with white skilled labor. To those who know anything about the proposition it is plain that the Chinese employer of men who is himself one of the manual workers, as all celestial employers are, is one of the persons contemplated by the exclusion act as being prejudicial to the affairs of workmen in this country. So-called "manufacturers" are the bane of labor, particularly in this State, and we do not want a single additional one to be added to the aggregation already collected here.

The decision of the Treasury Department deserves the support of individual as well as organized labor everywhere in this State, and we have no doubt it will get it. In view of the well-known frauds that have been perpetrated as far as alleged merchants are concerned, we do not want to see another loop-hole made in the wall which we have erected against Asiatic cheap labor. The department is deserving of and should receive the cordial co-operation of all thinking citizens.

The Platt amendment is described as appendix to the Cuban constitution. It is to be hoped that it is not of the vermin variety, for if so its effect upon the constitution is not likely to be as beneficial as anticipated.

An order for trolley cars has been sent from Bombay to American works. The Hindoos won't have to hunt up a juggernaut in future, the street car service will find plenty of victims both in and out of season.

Large quantities of army shoes have been stolen across the bay. It should have been an easy task to procure plunder of that kind for it would "hide" naturally.

GIVES DINNER TO BRIDES-ELECT.

Mrs. W. A. Jacobs Has an Interesting Gathering at Her Home.

In San Francisco social circles one of the large dinners of the week is to be given tonight at Mrs. W. A. Jacobs, formerly of Oakland at her large home on Pierce street.

The dinner is being given in honor of the engagement of Miss Pauline Lohse and Mr. Montell Taylor of this city.

Among the list of guests are other engaged young people prominent in Oakland's social set.

The large Jacobs residence has been handsomely decorated in honor of the event, carrying out an effective color scheme of pink.

The hall shows a fine arrangement of bamboo and tropical plants.

In the drawing room and music room there is a very effective arrangement of pink sweet peas and asparagus ferns.

The decorations of the dining room are entirely of La France roses, completing the color study of pink, which is the favorite color of the bride-elect, in whose honor the dinner is given.

A string band will be in attendance, and the dinner will be one of the bright social events of the week.

At the table there will be Mrs. W. A. Jacobs, Miss Pauline Lohse, Mr. Montell Taylor, Miss Blanche Sharon, Mr. Harry Farr, Miss Ethel Gage, Mr. George Gross, Mr. and Mrs. Charles D. Parcells, Mr. and Mrs. George Hamner, Miss Melie Conners, Miss Anita Lohse.

W. A. Jacobs is in New York City. The dinner at the Jacobs' residence during the past season have been most successfully carried out during the recent Presidential visit, was the one planned by Mr. and Mrs. Jacobs, who entertain on an elaborate scale at their home, Secretary Hitchcock and Miss Hitchcock.

PERSONAL AND SOCIAL NOTES OF INTEREST.

Norman Parrish son of W. H. Parrish, is visiting his parents after an absence from Oakland of seven years. It is now engaged in business at Buffalo, New York.

Mrs. W. E. Sharon left yesterday morning for a three weeks' visit to Lake Tahoe.

Mrs. F. D. St. Maurice of Colusa, is visiting her daughter, Mrs. Davies, at 1114 Eighth street.

Mrs. William Letts Oliver, accompanied by her daughters, the Misses Kittle and Nita Oliver, and her two sons, have gone to the Oliver ranch, near Martinez.

Judge S. Hall and family will spend the summer at Felton, where they have a cottage.

Mr. and Mrs. T. A. Crellin and family will leave next week for Ruby Hill, their country place, near Livermore.

Mrs. Margeson and Miss Eva Margeson have gone to Shasta county for the summer.

Mrs. Cahill and family of Golden Gate are spending a month camping at Glenwood.

Miss Sophie Selas is spending the summer at Chicago Park, Nevada county.

Warren Hubbard and his daughter, Mrs. L. H. Lobb and children, Miss Carrie Lobb and Raftis W. Cobb, who leave on Monday for their summer home at Pacific Grove.

SAN FRANCISCO COUPLE MARRIED IN A HURRY.

A marriage license was issued late yesterday afternoon to J. Wilson, aged 22, and Agnes S. Higgins, aged 18, both of San Francisco. The couple arrived at the Clerk's office after closing hours but prevailed upon Deputy Clerk Barker to issue the necessary document. They were accompanied by Mr. and Mrs. Hughlin of San Francisco. Judge Le Rue was summoned and performed the marriage ceremony in the apartments of County Clerk Jordan. After the wedding the party left for San Francisco.

CLUMP OF LILIES SAVES A BABY'S LIFE.

A clump of lilies saved the life of the sixteen-months-old baby of Mr. and Mrs. J. C. Subr of 1673 Valdez street, yesterday. Baby Helen had fallen from a window twenty feet high, and the frightened mother rushed downstairs expecting to find her child killed. Instead she found the little one had fallen in a clump of lilies. The child was not injured.

ELEVEN HUNDRED FOR M'CHESNEY.

Senator Perkins and Committee Present ex-Principal With a Check.

A pleasant surprise was given J. B. McChesney, the retiring principal of the High School, last evening. A committee consisting of Mrs. P. C. Turner, representing the Alumni of the High School, Senator Perkins, representing the citizens of Oakland, and S. P. Mead, representing the teachers, visited Mr. McChesney's home and presented him with a check for \$1,100 for the purpose of sending him and Mrs. McChesney to Europe.

Mr. McChesney's family come from Scotland, and besides his daughter Clara, the celebrated artist, he has other relatives there whom he wishes to visit.

The committee was accompanied by City Engineer P. C. Turner and E. F. Parrill of the High School who had been invited by the committee to make the presentation.

Mr. McChesney replied with much feeling, expressing his deep appreciation of the kindness shown him by the Alumni, citizens and teachers.

Senator Perkins followed with pleasant reminiscences of his long acquaintance with Mr. McChesney and paid him a graceful tribute of esteem and affection, looking toward him by his fellow citizens.

After spending a pleasant social hour with Mr. and Mrs. McChesney the committee departed.

DWIGHT STRONG IS NOW A LIEUTENANT.

An interesting piece of information which will be received with a great deal of satisfaction by civilians as well as by National Guardsmen, is that of the promotion of Dwight Strong to First Lieutenant and Battalion Adjutant of the Fifth Infantry.

Mr. Strong for a number of years has been curator of the Central Reading Room of the Free Public Library. He has always discharged the duties of his position in a capable manner and has found time to devote to military business.

He has been connected with the National Guard of California for the past sixteen years. His first enlistment was in Company C of the Sixth Infantry in 1884. In 1895 he enlisted again, this time in Company A of the Fifth Infantry.

Last September he retired from the Company with the rank of Sergeant and was appointed regimental Quartermaster-Sergeant.

The commission for Mr. Strong's appointment as Lieutenant and Battalion Adjutant of the Fifth was received this morning from Governor Gage.

DRIVERS MUST ATTEND TO THEIR HORSES

At the last meeting of the "Teamsters' Union" the organization made a few changes in the by-laws which have found favor with the Dray and Expressmen's Union. The original by-laws absolved drivers from attending to their teams on holidays when they were not employed. This was a provision which failed to receive the approbation of the Dray and Expressmen's Union and was calculated to lead to a fight between both organizations, in other words between employer and employee, some of the former having decided that drivers who would not care for the horses on holidays would have to find employment elsewhere on other days of the year.

This clash was prevented by the change of the by-laws referred to, and as a consequence drivers will hereafter, as heretofore, attend to their horses on holidays the same as on any other day of the year.

HOSTLERS WILL RECEIVE ALL THEY DEMAND

Tomorrow is the day on which hostlers have decided the new rates of wages established by their union, namely \$2 per day, shall go into effect. They have canvassed the livery stables of this city on the question and find that out of twenty-four places where hostlers are employed there is only one the owner of which declines to agree to the new schedule, and that is Purney's stable at the northeast corner of Eighth and Alice streets.

The hostlers feel elated over their success and say they will have no difficulty in bringing the Purney stable into the fold.

ARTHUR AGARD WILL MAKE A TOUR OF EUROPE.

Arthur F. Agard of 1331 Filbert street will sail for Seattle on June 20th, where he will be the guest of Mr. and Mrs. George Meacham for two weeks. He will then proceed to Buffalo to visit the Exposition and will sail for Liverpool on the Majestic on July 17th. He will travel for ten months on the continent and stop for a short time at the Universities of Oxford and Heidelberg. He plans to return from Spain in 1902 and resume teaching.

GRAND OFFICERS ARE EXPECTED TO BE PRESENT.

The Alameda county extension committee of the Ancient Order of United Workmen will meet at Keystone Lodge No. 64 on Tuesday evening, June 18. Several of the grand officers are expected to be present.

MISS KATE WHITE IS A HEROINE.

Brave Oakland Girl Looks After the Injured in the Wreck.

The wreck of the narrow gauge train near Felton yesterday afternoon resulted in the almost miraculous escape of all the passengers, although Engineer James Stanley was badly cut and bruised and Fireman Henry Coyle was pinned beneath the wrecked locomotive, his legs crushed to a pulp and an eye gouged out.

Miss Kate H. White of 1253 Webster street, Oakland, was aboard the train and she proved herself a heroine in caring for the injured men. She tore her skirt for bandages. Miss White last evening made the following statement in regard to the wreck:

"We were not very far out of Santa Cruz when the cars gave a great plunge, then halted and jerked again, and we settled down, thinking that the worst was over; then, looking from the window, I saw the engine standing straight up in the air. That lasted only for a moment. You know, it seemed to me like a thing of life, and after a while effort it fell over on its side. The car we were in tilted and, of course, every one got out as best he could. I went forward to see if anything could be done for I knew that some of the men must be hurt. Dr. Meers of Philadelphia, who had been visiting Dr. Anderson of Santa Cruz was caring for the engineer and fireman when I reached the engine and I did what I could. We gave them whisky to warm them."

"The sight of those poor men was one I shall remember till my dying day. They seemed to be bruised and mangled from the tops of their heads to the soles of their feet. Both were unconscious and it seemed as though every breath would certainly be their last. Dr. Meers made splints from the framework of the cars and bound the engineer's legs up. They will be amputated tonight, I understand."

SOLANO COUNTY HAS A NEW LIQUOR LAW.

SUISUN, June 14.—The Board of Supervisors of Solano county has passed an ordinance regarding liquor licenses containing the following provisions: That each person desirous of securing a county license shall present his petition before the Board of Supervisors signed by a majority of the resident taxpayers in the voting precinct in which it is proposed to open and conduct a bar. Within the corporate limits of any city the petition must be signed by a majority of the freeholders in the block in which it is proposed to open and conduct a bar. The Board will also appoint a license committee whose duty it will be to investigate the moral character of applicants for licenses. In case an applicant is not of good moral character the petition for a license will be denied.

OLD ACME MEMBERS HOLD A MEETING.

A meeting of the former members of the Acme Club was held last evening to consider the matter of re-organizing. The meeting was held in the court room of City Justice Sisson and about thirty were present. Deputy District Attorney W. H. L. Hynes was elected temporary chairman and Lou Hardy secretary. No decided action was taken. Another meeting will be held next Monday evening.

LIEUT. AND MRS. CAMPBELL ARE BACK FROM THE EAST.

Lieutenant and Mrs. E. H. Campbell will arrive from the East on the overland train this evening. Lieutenant Campbell has been doing shore duty at Annapolis for the past two years. He has now been ordered to join the Iowa in the harbor. Mrs. Campbell is the daughter of George Strong of this city.

"This book is for a friend of mine who is using your 'Golden Medical Discovery,' and I cannot praise your medicine too highly. I was in business in Baltimore and rheumatism for three months; couldn't walk at all. I tried the best doctors could get, but they did me no good. I took three bottles of Dr. Pierce's 'Golden Medical Discovery' and it cured me sound. I came home to Sharpsburg and there were three cases of different diseases. I advised the patients to use Dr. Pierce's medicines, which they did and all were cured."

Are too plentiful with us just now, owing to the late arrival of summer. Reduced prices are: Lawns and Dimities, 6 1-4c, 8 1-3c, 10c, 12 1-2c and 16 2-3c; Gingham, 7 1-2c; Madras Cloth, 33 inches wide, 20c; Scotch Zephyr, 16 2-3c; Mercerized Foulards, 25c, 35c and up.

Children's Vacation Headwear

Those very useful, flexible, Straw Sombreros are now 50c and 75c; Sunbonnets, especially adapted for vacation, from 25c; new Shakers, from 25c; Lawn Caps, French shapes, from 20c; and all manner of Children's Fancy Millinery, ranging from 50c up.

Children's Vacation Dresses

Little people from 2 to 14 years old can be suited to perfection in this department. Colored Dresses can be bought as low as 35c, and the prices proceed slowly to \$3.25, and each one is of attractive design, made of the new patterns in Percales and Gingham, and is adapted for hard wear.

Vacation Neckwear

Has been visited by the reduction man. Lawn collar bands now begin at 5c; beautiful Batiste Reverses and Collars trimmed with Point Venice Lace, 95c; Grass Linen Reverses and Collars now \$1.00 and \$1.25; broken lines of fancy Stock Ties, 35c.

Boys' Vacation Waists

We refer especially to a line of good, strong Blouses: mostly in dark Percales, 25c; other good Waists and Blouses, 50c, 60c and 65c.

New Muslin Skirts

The very latest arrival in our Muslin Underwear Department. A new design skirt, made of good quality muslin, with lawn flounce with cluster of tucks, finished with tucked ruffle with deep lace edge; dust ruffle, special value, 75c.

Good Lawn Skirt with deep flounce, with cluster of tucks and two rows of lace inserting, finished with tucked ruffle with lace edge; lawn dust ruffle; Price, \$1.00.

Good Skirts from 35c to \$2.25.

All lines in the Muslin Underwear Department now offer many tempting garments for your inspection.

Ribbed Summer Underwear

A summer need, now very popular, is an umbrella drawer, light weight, with lace trimming, knee length; these are hygienic garments. Price, 3 for \$1.30.

Ladies white or black equestrienne tights, summer weight, ankle and knee lengths. Price, 50c.

Summer combination suits from 50c; summer vests from 10c.

Children's summer weight vests and pants, 20c, 25c, 35c.

Great opportunities are now being offered in the Tailor-Made Suit department, Silk Waist department and in the Ribbon department--such opportunities as you cannot afford to miss.

More Style.

Never before was there seen in the city of Oakland so many stylishly dressed ladies as at the present time. The reason is that the Eastern Outfitter Co. of 315 Fourteenth street of this city is supplying all these stylish suits at such prices, and it is taking payments of \$1 per week. Its stock is the most complete in Oakland.

The Hammam department for ladies and gentlemen at the Piedmont Baths are the most elaborate and luxuriously fitted up of any this side of Chicago. Take Piedmont cars.

THE MAIN LAKE SEWER CHOKED UP

Sewage Flows Into Lake in Consequence of Old Council's Mismanagement.

SUPERINTENDENT OTT IS WITHOUT FUNDS.

Present Administration Is Badly Crippled by Acts of Former Councilmen.

The outcry about Lake Merritt being polluted by sewage from the main lake sewer has a modicum of truth and a magnum of misrepresentation, or at least misinformation. The blame for the present condition of the main lake sewer rests upon the last city administration, which allowed the automatic gate at the inlet of the sewer to practically rot down and the sewer itself between Harrison street and Broadway to choke up with sand washed down from Cemetery creek.

When the lake is full of water the pressure of the current carries the sewage that comes from the intercepting sewers through in spite of the sand obstruction, but when the water was lowered to allow the gates of the Twelfth street dam to be repaired the sewage from the Cemetery creek sewer broke through the rotten old gate and ran into the lake.

The matter was reported to the authorities on Tuesday afternoon and the gate was repaired yesterday to afford temporary relief. The sewage flow into the lake has been stopped, but it is a matter of urgent necessity that the sewer be cleared of the sand that has lodged between Harrison street and Broadway and a new gate put in at the inlet. This will cost between \$500 and \$600, and there is absolutely no money in the treasury that can be used for this purpose.

Stephen T. Gage made the complaint in the first instance and relieved his feelings to the extent of a column interview yesterday about the alleged delay in making the necessary repairs. He charged the city government with imbecility for twelve years past, but he was so carried away that he blamed the present administration for the condition of affairs it inherited from its predecessor.

The last Council left an empty treasury and the streets and sewers in a sadly dilapidated condition. Mr. Gage also complains of the failure to sprinkle Harrison street. Everybody knows that Harrison street should be sprinkled, even though the heavens fall, but it costs money, which is something the city does not have at present. It would require forty carts to properly sprinkle the streets of Oakland, but the last Council spent so much on Roberts Landing wells, M. K. Miller and other political bores that it was found necessary to cut the number of sprinkling carts down to fifteen. Now the street department is running twenty-one carts on three-quarters time, which gives less than half the street sprinkling service required.

Mr. Gage's diatribe indignation at the state of affairs is being twisted against those who are not responsible therefor, and directed away from those who are to blame for it.

"The main lake sewer will be cleaned out and a new gate put in at the inlet as soon as we can get the money to do it," said Street Superintendent Ott. "It ought to be done at once, but we can get no money till after the 1st of July. All the sewage that ran into the lake came from the Cemetery Creek sewer, which intercepts the main lake sewer at Harrison street. The gates being rotten and the sewer clogged with sand, the sewage from Cemetery Creek escaped into the lake when the water was temporarily lowered to repair the gates at the Twelfth street dam. This leakage was stopped as soon as possible. When it was reported, my sewer gang was repairing another sewer break equally as urgent, and there was no money to pay for any other laborers. It is not my fault that there is no money available for such work. However, I hope to see this remedied after the close of the fiscal year. There is a call for numerous repairs, but I must be given the money and the authorization before I can proceed with them. I must say that the Board of Public Works and myself are doing the very best we can under the circumstances. Like ourselves, the Council has its hands tied for lack of money. We cannot half sprinkle the town as it should be because we can't pay for the carts. That's the situation. There are many small jobs that the average person thinks can be done off hand, but with a limited force and limited means, some must wait while others are being done. The temporary means adopted to keep the sewage out of the lake will be made durable and permanent in a few weeks. In the meantime, there is no cause for alarm, for the flow has stopped. It was small in quantity and lasted for only a short time."

CONTEST OVER A SALOON LICENSE.

Property Owners Enter a Vigorous Protest Against J. J. Bettencourt.

The Municipal License Committee heard the protest, last night, of T. Schiller and others against granting J. J. Bettencourt, the dairyman, a liquor license to conduct a saloon at 1833 Shattuck avenue.

Messrs. Schiller, W. F. Griffin, A. W. Walker, T. Thompson and others appeared personally and explained that they were opposed to having a saloon in this residence section.

They found no fault with Bettencourt, whom they all regarded as an honest, industrious, well-meaning and law-abiding citizen, but their protest was against a saloon in general.

George Mahoney, W. Kirchner, Joshua Tonks, Theodore Gier and others appeared as witnesses for Bettencourt.

Kirchner signed the application as a property owner, though he resides outside of the district. His tenant, however, signed the protest, and Kirchner said he didn't care how soon they moved out.

Joshua Tonks said he had always found Bettencourt a proper gentleman; that the neighborhood wishes a saloon and grocery as an accommodation. Mr. Bettencourt, the applicant, also was sworn. He said he had lived at 1833 Shattuck avenue the past five years, and prior to that at Deuten and Grove for five years; that he was engaged in the dairy business at Tenth and Market, had never bothered his neighbors and was trying to make a living.

He had been assured several weeks ago that he would get his license, the License Committee having favorably recommended the same at a previous meeting; that on the strength of such assurance he had expended some \$800 in altering his building to fit it up as a grocery and saloon.

Theo. Gier corroborated Mr. Bettencourt in this.

It was finally decided to return the application to the Council without recommendation.

The liquor license application of A. O. Brooks to conduct a saloon at 1532 Seventh street, together with the applications referred to the committee were favorably recommended.

SACRAMENTOS ACT LIKE A LOT OF BOYS

The baseball game between the Oakland and Sacramento teams at Recreation Park yesterday broke up in a riot in the third inning. The game went to Oakland by a score of 9 to 0. Objection was made to the manner in which Pitcher Stricklett was delivering the ball. Umpire Tyler ruled in favor of Oakland. Stricklett then refused to pitch any more and after some wrangling the Sacramento team left the field.

LANDERS STEVENS IS STILL STAR AT THE DEWEY.

Landers Stevens continues to be the star attraction at the Dewey Theater. In the title role in "The Mountebank" he has made a great hit. The play will be repeated this evening and at the matinee tomorrow as well as on Saturday and Sunday evenings. Mr. Stevens has an excellent supporting company.

LEO WALLERSTEIN AMONG MISSING.

Collector Has Not Squared His Accounts and Money Is Gone.

Leo Wallerstein, a well known resident of Oakland, is missing and his employers have found so far a shortage of \$647.50 in his accounts. It is expected that a further investigation will show a larger shortage.

Wallerstein was the outside salesman and collector for William Knapp & Co. of San Francisco and received a salary of \$3 a week. He was a popular fellow, however, and lived a gay life than his income warranted, and, according to Knapp, was in the habit of playing the races. About two months ago, Knapp says, he learned that Wallerstein had been seen frequently at the race track, and he warned him that if he were seen there again he would be discharged. Wednesday he was expected to collect quite a large sum of money, but he did not appear at the office and an investigation proved that he had not been seen at his home since Monday and Washington streets since Wednesday morning. It is said by his employers that he had not been turning in all the money collected since April 1st.

Wallerstein has a wife who has been ill for some time at the German Hospital. Several years ago he was arrested in Los Angeles for embezzlement, but was acquitted at the preliminary hearing.

ST. COLUMBA PARISH WILL GIVE A PICNIC.

GOLDEN GATE, June 14.—A meeting of the young ladies and gentlemen of St. Columba parish, Golden Gate, was held last night at the pastor's residence, to determine ways and means for holding a parish picnic in the near future. There was a large number present. This will be the first picnic for this parish, and from the attendance and the enthusiasm manifested it may be predicted a great success. No time was spent in idle talk. It was business from start to close of the evening. John J. Sullivan occupied the chair. B. P. Walls acted as secretary. It was decided to hold the picnic at Shell Mound Park, on Wednesday, July 11. Committees were appointed as follows: Gate—Fred Cook, J. J. Sullivan, Mr. O'Connor, James J. L. Brennan, Cornelius Newell, Albert Storms, George Sullivan, Eugene Finn, Albert Storms, Michel—Mr. O'Connor, J. Brennan, F. Cook, Arrangements—J. J. Sullivan, Mrs. L. Miller, B. P. Walls, Mrs. J. J. Finn, G. Sullivan, Miss Peladeau, G. King, Miss O'Connor, F. Cook, Miss Nellie O'Connor, J. Brennan, Miss Agnes Carg, G. Newell, Miss Elodie Smit, A. Storms, Miss Florence Baxter, Mr. O'Connor, Miss Young, E. Finn, Miss Nellie Shay and Hazel Baxter. NEED STEAM?

The Place to Get it is from Selected Food.

It is good to know the kind of food those with weak stomachs and hearts can get along with, for when a man or woman is a little below par, an easily digested food is the thing that goes right to the spot.

A man in Kirksville, Mo., tells how he got out of trouble by using Grape-Nuts Food. He says: "My trouble was intense suffering in the stomach. It was called gastritis, but no medicine gave any permanent relief. In June of last year I began to grow much worse in every respect. I was terribly constipated and the stomach pains were severe. I ran down until I weighed only 120 pounds. I had to give up my business for my nerves were completely unstrung and I could not sleep more than two or three hours during the night, and that only by snatches during a lull in the pain."

"I tried almost every kind of food, but finally was put on Grape-Nuts and in a little while it began to make its worth known. I began to sleep better nights, my strength gradually came back, and I gained in weight rapidly until a little while ago I weighed 185 pounds and have been a well man for months with never a touch of the old trouble."

"My bowels are perfect, the nervous trouble has gone. You can realize and appreciate the value of Grape-Nuts Food. Don't publish my name, but you can give it in private correspondence and I will take pleasure in answering the letters."

This is another evidence of the practical worth of Grape-Nuts Food in cases of weak stomach and bad digestion. It is the most scientifically made food in existence and contains absolutely nothing but selected parts of the field grains so cooked and prepared as to admit of almost immediate digestion and assimilation, carrying with it the elements furnished by the All Wise Creator for rebuilding the nervous system, the soft part of the brain and the solar plexus.

When one gets from food what the body needs it is easy to get well and keep well.

CARNIVAL HELD AT HAYWARDS.

An Interesting Program for the Benefit of the Presbyterian Church.

HAYWARDS, June 14.—Last night a carnival was given at the Haywards Opera House for the benefit of the Presbyterian Church. The affair was gotten up by a professional, and it seems it was an advertising scheme as well as a church affair. The proceeds were to be divided between the church and the man who owns the scheme. Altogether the affair was very pleasing. There was a fair amount of sixty little girls in white and a colored light tabernacle and some very laughable advertising scenes. Female blacksmiths, barbers, painters, butchers and dentists brought the house down. The performance will be repeated tonight, when the program will be completely changed.

STANDARD COMPANY TO LIGHT SAN LEANDRO.

SAN LEANDRO, June 14.—The report is current around town that the Standard Electric Light Company has bought out the San Leandro Gas Company and that the former company proposes lighting the city. For some time past the city has hoped that the Standard Company would furnish them with light, and some time ago the Board of Trade approached the company about the matter. At that time the Standard Company stated that such a thing was impossible as Mr. Landers held a fifty years' franchise to supply the city with light, and if they were to do so they would have to furnish it through Mr. Landers, who owns the gas plant. Nothing authentic, however, has as yet been made public about the matter.

A BEAUTIFUL FAIRY TALE.

Remarkable and Interesting Story Told By a Fruitvale Young Lady.

FRUITVALE, June 14.—Charles Martin, who lately moved to this place from San Francisco, disappeared from his home last Tuesday. On the following day his 10-year-old daughter Josie disappeared. The mother of the girl searched everywhere. The police in Oakland and San Francisco were informed, but no trace could be found of the missing girl. Yesterday afternoon the mother found her daughter in San Francisco with friends. The girl tells a very strange story of her sudden disappearance. Yesterday afternoon while sitting in Fruitvale station preparatory to going to the cotton mills, where she had secured employment, Josie was accosted by an elderly man who inquired where she was going. She told him, and he then asked her if she would do him a favor.

He explained that he had failed to keep an appointment with his daughter and requested that the young lady go to a certain house on Oak street in Oakland and inform his daughter of his whereabouts. And in case she was not there to go to San Francisco, where she (Josie Martin) would find the girl at the ferry building. For her trouble he promised to pay her 50 cents. The girl started, after getting her car fare from the old man, so she says. At the house in Oakland she could find no one, so she went at once to San Francisco and was disappointed there as well. Then to her sorrow she found she could not go home, only having received enough money to pay her fare over. After wandering around for several hours she finally found some friends with whom she spent the night.

Mrs. Martin, the girl's mother, thinks there was foul play of some sort intended, and by chance there happened to be no one at the Oakland house.

The girl describes the old man who spoke to her as being quite gray. He was well dressed and wore a long dark overcoat.

The girl Josie is very pretty, and her mother says "very green."

The father has been located in San Francisco, where he is working.

CONTRA COSTA FILES A LETTER.

Calls Attention of the Alameda Board of Trustees to the Law.

ALAMEDA, June 14.—The following letter has been filed with the City Clerk:

"Gentlemen: In relation to the policy which your Honorable Board seems to be pursuing in making a further extension of the application of salt-water for street sprinkling, as a substitute for water previously supplied by the Contra Costa Water Company, I wish to respectfully call your attention to the following facts in relation to this matter:

"First—In compliance with the requirements of the law of this State you have fixed the rate of charges under which the water company is required to operate for the year following June 30, 1901. In so doing you have as a basis for such rate determined the amount of revenue which the company realized in the year preceding January 1, 1901, and have reaffirmed in the new ordinance the rates under which that revenue was received. In so doing you have figured on allowing us as a return for the money invested in the water works plant a rate of interest very much less than that to which the company is entitled. It is entitled, said ordinance was adopted under a strong protest from this company, and if accepted, and the charges made in accordance therewith, it must be understood that this will be done under protest.

"Second—In the case of the Contra Costa Water Company vs. the city of Oakland, recently tried in the Superior Court of the county, the company's contention that it is entitled to receive a net return of 7 per cent upon the value of its property has been sustained. "Third—The extending of the use of salt water by the city of Alameda for sprinkling has for the month of May reduced the revenue of the company below that received during the same month of the previous year over one-half, or something like \$200 per month.

"Fourth—Any reduction of revenue thus made operates to diminish the returns of the company for the coming year below that which was presumably made the basis for the determination of the water rates embodied in the ordinance going into effect July 1, 1901, and consequently will operate to so diminish the revenue which this company will receive as to make it considerably less than that which your honorable body claimed to be allowing it in the adoption of the said ordinance.

"Fifth—We cannot but regard such a policy as constituting in substance a violation on the part of the city of the terms of the agreement, plainly implied in the adoption of said ordinance.

"Sixth—Had such a policy of reduction in revenue of this company from water used in street sprinkling been contemplated when said ordinance was framed, it is evident that in justice to the company the rates to the private consumers should have been sufficiently increased to make up for this loss.

"Seventh—It should be borne constantly in mind by your honorable body that inasmuch as the courts have repeatedly held that a water company operating under the provisions of the California law is entitled to receive just compensation for the use of its property, and therefore the amount of revenue to which it is entitled in carrying out its duties is determined, it follows that any reduction in that revenue from one source must be correspondingly increased from other sources, if justice is to be done.

"Eighth—In view of the exceedingly low rate of interest which you have allowed this company in the adoption of this ordinance, pay further reduction of that interest by the cutting off of revenue previously received from the public, it is respectfully suggested that your honorable body must, as an inducement for it to resist such further encroachment upon its legal rights.

"We most earnestly solicit that you give this question due consideration, and that you do not render by this action herein complained of the ordinance recently adopted still more oppressive than it otherwise will be. Very respectfully, "CONTRA COSTA WATER CO. "By Arthur L. Adams, Engineer and Manager."

They are as follows: Past chief of honor, Sister Brenton; chief of honor, Sister Kistler; lady of honor, Sister Fillas; chief of ceremonies, Sister C. Hartherley; recorder, Sister Althe Roberts; treasurer, Sister Annie Bainnberger; receiver, Sister E. Helger; usher, Sister Marguerite Enos; inside watch, Brother George De Mont; trustees, Brothers John Brenton and J. S. August; examining physician, Dr. Miller.

ELMHURST BAND GAVE THE EDITOR A SERENADE.

ELMHURST, June 14.—Last night the newly organized band practiced again in the office of the Elmhurst Review. They were greatly annoyed by the small boys of the neighborhood, who persisted in beating on the door for admittance. If this trouble cannot be done away with the band will change their quarters where the small boys will not disturb them. The band is progressing rapidly and before long will be prepared to give a public concert.

ELMHURST CIRCLE HOLDS A SECRET MEETING.

ELMHURST, June 14.—Last evening the Elmhurst Circle held a meeting at Redman's Hall. There was a large attendance of members, the meeting being a private one. Several new members were initiated into the Circle.

THE BOARD OF TRADE MEETS AT HAYWARDS.

HAYWARDS, June 14.—Wednesday evening the Board of Trade of this city met at the Town Hall. The principal object of the meeting was to discuss the municipal ownership of the water works. President Wilbert and several others were not present, consequently the matter was only talked over and a committee of three appointed to consult with the Town Trustees and citizens about the matter. There has been considerable said of late in regards to the present service. The committee appointed to confer with the Town Trustees is as follows: Mr. Wilber, Mr. Chalmers and G. Toyne. These gentlemen will report at the next meeting of the board just what the Trustees think of the matter, and also as to the public sentiment.
